Dating from her years as a philosophy student at the Sorbonne, this is the 1926-27 diary of the teenager who would become the famous French philosopher, author, and feminist, Simone de Beauvoir. Written years before her first meeting with Jean-Paul Sartre, these diaries reveal previously unknown details about her life and offer critical insights into her

early philosophy and literary works. Presented here for the first time in translation and fully annotated, the diary is completed by essays from Barbara Klaw and Margaret A. Simons that address its philosophical, historical, and literary significance. The volume represents an invaluable resource for tracing the development of Beauvoir's independent thinking and influence on the world. Each of the 14 units in this book introduces a different reading task that you may encounter during the IELTS Academic Reading test: Matching headings True / False / Yes / No / Not Given Matching information Summary completion Sentence completion Multiple choice Matching features Choosing a title Categorisation/classification Matching sentence endings Table completion Flowchart completion Diagram completion Short answer questions Each unit contains three two-page sections: 1.

Think and prepare starts with some questions to get you thinking about the unit topic, and introduces some challenging words and phrases that will appear in the practice activities that follow. 2. Practise introduces a new reading task for you to practise the

task type using a text that is shorter than what will feature in the exam. It starts with some strategies and tips for how to approach each task, for you to try these strategies

out during the activities then reflect on what went well, what you learned and what you

will need to do to improve. 3. Put it to the test includes a text that is designed to replicate an IELTS Reading test task. There is no support here - it's just you, the text and the questions! Appendices: Task info and tips: Definitions of each task type, and tips on how to approach the task. Extra activities: Further practice in applying different task types to the units' texts. Answers: Comprehensive answers and guidance for each activity. Glossary and Index: Definitions of all high-level vocabulary used. Our guide is full of specific and detailed information that will be key to passing your exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The Mometrix IELTS study guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answer explanations, and that's another area where our guide stands out. The Mometrix test prep team has provided plenty of IELTS practice test questions to prepare you for what to expect on the actual exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. Many concepts include links to online review videos where you can watch our instructors break down the topics so the material can be quickly grasped. Examples are worked step-by-step so you see exactly what to do.

Across the world, universities are more numerous than they have ever been, yet at the same time there is unprecedented confusion about their purpose and scepticism about their value. *What Are Universities For?* offers a spirited and compelling argument for completely rethinking the way we see our universities, and why we need them. Stefan Collini challenges the common claim that universities need to show that they help to make money in order to justify getting more money. Instead, he argues that we must reflect on the different types of institution and the distinctive roles they play. In particular we must recognize that attempting to extend human understanding, which is at the heart of disciplined intellectual enquiry, can never be wholly harnessed to immediate social purposes - particularly in the case of the humanities, which both attract and puzzle many people and are therefore the most difficult subjects to justify. At a time when the

future of higher education lies in the balance, *What Are Universities For?* offers all of us a better, deeper and more enlightened understanding of why universities matter, to everyone. General Set 3 from 'High Scorer's Choice' series contains 5 full length IELTS practice tests (no. 11-15) and is a must-have study tool to achieve a high band score in IELTS. A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and

their behaviour starts to take on a murderous, savage significance. First published in 1954, *Lord of the Flies* is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on *Lord of the Flies* by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.
