Sweet Revenge? When two senseless killings hit close to home, columnist Clarence Abernathy seeks revenge for the murders—and, ultimately, answers to his own struggles regarding race and faith. After being dragged into the world of inner-city gangs and racial conflict, Clarence is encouraged by fellow columnist Jake Woods to forge an unlikely partnership with a redneck homicide detective. Soon the two find themselves facing dark forces, while unseen eyes watch from above. This re-release of Randy Alcorn's powerful bestseller spins off from *Deadline* and offers a fascinating glimpse inside heaven. Can One Man's Search for Justice Stand Up to the Forces of Evil Threatening to Destroy Him? A shocking murder drags black newspaper columnist Clarence Abernathy into the disorienting world of inner-city gangs and racial conflict. In a desperate hunt for answers to the violence (and to his own struggles with race and faith), Clarence forges an unlikely partnership with redneck detective Ollie Chandler. Despite their differences, Clarence and Ollie soon find themselves sharing the same mission: victory over the forces of darkness vying for dominion. Filled with insight—and with characters so real you'll never forget them—*Dominion* is a dramatic story of spiritual searching, racial reconciliation, and hope. I don't know when I have read a novel that affected me so profoundly. Randy Alcorn has combined a superb mystery/detective story with a lesson in racial relations in America, gang dynamics and symbols, Christian values, and spiritual warfare. —Dave Kirby, Troy (Alabama) Broadcasting Corporation Even better than its predecessor...Alcorn's writing remains top-notch. —Sean Taylor, CBA Marketplace **READER'S GUIDE INCLUDED** *Story Behind the Book* Randy Alcorn thoroughly researched his characters, spending time in the inner city with homicide and gang detectives to better create the scenes for this bestselling novel. He set the story in his hometown of Portland, Oregon, and the main character, Clarence Abernathy, is a black journalist whose unforgettable father played baseball in the old Negro Leagues. Randy has received many letters from readers who assume he is African American due to his accurate portrayals of racial issues. Randy Bachman has been rolling out chart-topping songs his whole life—"You Ain't Seen Nothing Yet," "These Eyes," "American Woman," "Takin' Care of Business"—and, since 2005, treating fans to a lifetime of rock 'n' roll stories on his hit CBC Radio show, *Vinyl Tap*. His approach is always fresh—even the most hardcore music fans will be surprised by what they can learn from Bachman. Whether he is touring with Ringo Starr, jamming with Little Richard, or recording with Neil Young, music is his life, and his anecdotes put you at the centre of it all. A fifty-year career in music is full of extreme highs and lows. It is also a life filled with some very colourful characters. Bachman's stories are candid and always entertaining. These are his best stories. The most memorable *Vinyl Tap* moments are all here, from Randy's *Guitarology 101* to his favourite songs to be played at funerals. For fans of the radio show and perennial rock 'n' roll lovers from the sixties through to today, Randy Bachman's *Vinyl Tap Stories* invites readers to relive their favourite musical experiences. And for new fans, it opens up a joyous world of rock and popular music. Despite his success, Bachman is still "that kid from Winnipeg," and his enthusiasm for great music is as strong as ever. Funny, raucous, and engaging, Randy Bachman's *Vinyl Tap Stories* is irresistible. Instant New York Times, USA Today, and Wall Street Journal Bestseller! An intimate and light-hearted memoir by viral sensation and three-time Emmy-nominated musical comedian Randy Rainbow that

takes readers through his life—the highs, the lows, the lipstick, the pink glasses, and the show tunes. Randy Rainbow, the man who conquered the Internet with a stylish pair of pink glasses, an inexhaustible knowledge of Broadway musicals, and the most gimlet-eyed view of American politics this side of Mark Twain finally tells all in *Playing with Myself*, a memoir sure to cause more than a few readers to begin singing one of his greatest hits like "A Spoonful of Clorox" or "Cover Your Freakin' Face." As Randy has said, "There's so much fake news out there about me. I can't wait to set the record straight and finally give people a peek behind the green screen." And set the record straight he does. *Playing with Myself* is a first-hand account of the journey that led Randy Rainbow from his childhood as the over-imaginative, often misunderstood little boy who carried a purse in the second grade to his first job on Broadway as the host at Hooters and on to the creation of his trademark comedy character. In chapters titled "Pajama Bottoms" (a look back at the days when he wore pajama bottoms on his head to pretend he was Dorothy in *The Wizard of Oz*), "Yes, It's My Real Name, Shut Up!" (no explanation necessary...) and "Pink Glasses" (a rose-colored homage to his favorite accessory), *Playing with Myself* is a memoir that answers the question "Can an introverted musical theatre nerd with a MacBook and a dream save the world, one show tune at a time?" The high-octane, Seabiscuit-meets-Scarface story of how Randy Lanier became a 1980s international sports star, soaring through the ranks of car racing while holding a dark secret: he was also one of the biggest pot smugglers in American history. As a kid, Randy Lanier dreamed of achieving four-wheel glory at the Indianapolis 500, but knew he'd never be able to afford the most expensive sport on earth. That all changed when he bought a speedboat and began smuggling pot from the Bahamas. Fueled by what would become a historically massive smuggling operation, he started racing cars and became an overnight sensation. For Randy and his teammates, money was no object, and bigger hauls meant faster cars. At every event they attended, they were behind the wheel of the best machinery, flaunting their secret in front of huge crowds and live television cameras. But no matter how fast they drove, they couldn't outrun the law. As Randy came ever closer to reaching his dream of high-speed glory, one of the biggest drug scandals ever to hit the professional sports world was about to unfold. Set in the 1980s Florida of Miami Vice, this is the unbelievable, unforgettable, unparalleled story of an ordinary guy whose attempts to become famous doing the thing he wanted most—become a world class race car driver—devolved into a you-can't-make-this-up tale of one of the biggest crime rings and drug scandals of the 1980s. Now, with the help of New York Times bestselling author A.J. Baime, Randy tells the whole truth for the first time ever, a gripping narrative unlike any other, a sports story for the ages, and shocking a true crime epic. Doc Ford is on a collision course with death in this extraordinary New York Times bestseller from Randy Wayne White. The Red Citrus trailer park is inhabited mostly by illegal laborers. But the steroid-powered park manager and his grotesquely muscular girlfriend figure that selling the park to developers would be easy money—and they're ready to do whatever it takes to drive the residents out. The problem is a young girl who the laborers believe talks to God. The manager doesn't know if she's valuable or a liability. But when the girl witnesses him dumping a corpse into a lake, there is one thing he knows for certain: He's got to shut her up permanently. The girl's only hope for survival: marine biologist Doc Ford, who must search through an underground, invisible nation...and hope he reaches her in time. Christians trying to model their lives after Jesus may find that He gets buried under lists, rules, and formulas. Now bestselling author Randy Alcorn offers a simple two-point checklist for Christlikeness based on John 1:14. The test consists of balancing grace and truth, equally and unapologetically. Grace without truth deceives people, and ceases to be grace. Truth without grace crushes people, and ceases to be truth. Alcorn shows the reader how to show the world Jesus -- offering grace instead of the world's apathy and tolerance, offering truth instead of the world's relativism and deception. Grace or Truth...or Both? Truth without grace breeds self-righteousness and crushing legalism. Grace without truth breeds deception and moral compromise. Is it possible to embrace both in balance? Jesus did. Randy Alcorn offers a simple yet profound two-point checklist of Christlikeness. "In the end," says Alcorn, "we don't need grace or truth. We need grace and truth. And for people to see

Jesus in us, they must see both." An intimate look at Randy Pausch (author of the blockbuster *The Last Lecture*) from his friend and colleague It is impossible to pinpoint the moment Randy Pausch became a household name, but when he died, millions of people who either read or watched his last lecture on YouTube felt as if they had lost a friend. One man who actually did lose a close friend that day was Donald Marinelli. Affectionately referred to as "the Tornado" in the last lecture, Donald was the whirlwind of energy and creativity who co-founded the Entertainment Technology Center (ETC) at Carnegie Mellon University with Randy. Donald recounts his remarkable journey from Carnegie Mellon's drama department, through the years building the ETC with Randy, to today, as he helms the center on his own and leads its worldwide expansion. Central to his story are the six years he and Randy shared an office, their differences and commonalities (they both fought cancer), and their priorities, as well as the philosophy of the ETC. Most poignantly, Don reveals what he learned from Randy, whom he describes as "a comet who burst upon the scene like an astral body . . . illuminating his secrets for living life to the fullest for millions of folks who needed such guidance." Legendary songwriter Randy Newman talks about art, life, Los Angeles, and more with Songwriters on Songwriting author Paul Zollo We cannot be compassionate with others if we do not treat ourselves with kindness first. The Kindness Journal is a guided, interactive, and revolutionary tool designed to help you develop a practice of kindness - to yourself first and then to others - so you can create a lifetime of happiness through a lifestyle of compassion. This life-affirming book is the journal you need to live a more mindful life. If you like time-tested methods, structured approaches to self-reflection, and spending just a few minutes a day to make real progress, then you'll love this inspirational Journal. A journey through life as seen through the eyes of a frightened twelve-year-old boy. After suffering a broken neck in a horrific accident, Randy Krulish explains how God and family provide him with the necessary strength to endure his now-unexpected life as a paralyzed boy. Even though these newfound struggles are nearly more than he can cope with, Randy finds the inner peace to overcome them. Discover how his life was changed forever; it may change yours as well. From a childhood dream of being a photographer to becoming a sought-after fulltime photographer. Randy share his wonderful journey with photographs and stories. Randy Browning discusses his career working with wildlife and forestry, especially longleaf pine stands and forests. He focuses on conservation, management, disease prevention, and fire management. The sins of the past come back to haunt Doc Ford and his old friend Tomlinson in this thrilling new novel from New York Times-bestselling author Randy Wayne White. Marine biologist and former government agent Doc Ford is sure he's beyond the point of being surprised by his longtime pal Tomlinson's madcap tales of his misspent youth. But he's stunned anew when avowed bachelor Tomlinson reveals that as a younger man strapped for cash, he'd unwittingly fathered multiple children via for-profit sperm bank donations. Thanks to genealogy websites, Tomlinson's now-grown offspring have tracked him down, seeking answers about their roots. . . but Doc quickly grows suspicious that one of them might be planning something far more nefarious than a family reunion. With recent history on his mind, Doc is unsurprised when his own dicey past is called into question. Months ago, he'd quietly "liberated" a cache of precious Spanish coins from a felonious treasure hunter, and now a number of unsavory individuals, including a disgraced IRS investigator and a corrupt Bahamian customs agent, are after their cut. Caught between watching his own back and Tomlinson's, Doc has no choice but to get creative--before rash past decisions escalate to deadly present-day dangers. "This book is fucking awesome. It's my life's story. I'm thirty-four but look twenty-one. Maybe twenty-two at the most. I live in Maryland. Please read it. I'm a writer, a songwriter, an artist. I do it all. I'm an artist of life. I'm an adventurer, I'm the president of my development. Read the memoir. You won't be disappointed." The follow up to *Stinker Lets Loose, Randy!* takes it even further. Introduced by a version of Sacks who finds the document in a garage sale, it is written by the struggling poet and novelist Noah B., who is embedded in the mind and lifestyle of a perversely unexceptional American asshole—one from Maryland, no less. Like *Pale Fire* if it were about a Danny McBride-style fuckup, it is both unmoored from time and eerily prescient of our own—one so stupid and unbelievable that it requires a writer like Sacks. Is this the day I die? Li Quan asks himself this question daily, knowing that he might be killed for practicing his faith. American businessman Ben Fielding has no idea what his brilliant former college roommate is facing in China. He expects his old friend has fulfilled his dream of becoming a university professor. But when they are

reunited in China after twenty years, both men are shocked at what they discover about each other. Thrown together in an hour of encroaching darkness, both must make choices that will determine not only the destinies of two men, but two families, two nations, and two worlds. "We cannot change the cards we are dealt, just how we play the hand."--- Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave--"Really Achieving Your Childhood Dreams"--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come. Doc Ford has his share of secrets. One of them has returned with a vengeance in this deadly New York Times bestseller from Randy Wayne White. While trying to solve one of Florida's most profound mysteries, Doc Ford is the target of a murder attempt by someone who wants to make it look like an accident. Or is the target actually his friend Tomlinson? Whatever the answer, the liveaboards and fishing guides at Dinkin's Bay on Sanibel Island are becoming increasingly nervous—and wary—after a plane crash and other near-death incidents make it apparent that Ford and Tomlinson are dangerous companions. What their small family of friends doesn't know is that their secret pasts make it impossible for them to seek help from the law. There is an assassin on the loose, and it is up to Doc and Tomlinson to find a killer before the grisly job is done. A NATIONAL BOOK AWARD FINALIST "Brilliant, honest, and equal parts heartbreaking and soul-healing." --Laurie Halse Anderson, author of *SHOUT* "A singular voice in the world of literature." --Jason Reynolds, author of *Long Way Down* A powerful coming-of-age story about grief, guilt, and the risks a Filipino-American teenager takes to uncover the truth about his cousin's murder. Jay Reguero plans to spend the last semester of his senior year playing video games before heading to the University of Michigan in the fall. But when he discovers that his Filipino cousin Jun was murdered as part of President Duterte's war on drugs, and no one in the family wants to talk about what happened, Jay travels to the Philippines to find out the real story. Hoping to uncover more about Jun and the events that led to his death, Jay is forced to reckon with the many sides of his cousin before he can face the whole horrible truth -- and the part he played in it. As gripping as it is lyrical, *Patron Saints of Nothing* is a page-turning portrayal of the struggle to reconcile faith, family, and immigrant identity. In *Autumns Dancing Leaves*, we met Eddie, an abused and neglected kid whose personality fractured to create Randy when he reached a point where he could no longer cope with the trauma in his life. Randy, defiant and determined, undertook the crusade of becoming Eddie's champion, endeavoring to save him from his abusers and all who were a threat to him. Because of Randy's effectiveness, Eddie's mind decided it was possible to enjoy the life that Randy insured, that being involved with the world was preferable to merely surviving the lifetime. Eddie's mind then developed Jesse from unused personality traits. Jesse, an aesthetic personality, believed his goal was to interact with people and the world to find missing elements in Eddie's life and use his experiences to bring balance to the life he shared with Eddie and Randy. Randy and Jesse believed they were moving closer to what they saw as a normal life, exposing Eddie to the things they thought determined quality of life. But, Jesse made a mistake he felt would be devastating for Eddie. Randy responded by deciding to take them away from an environment he saw as detrimental ... *Winters Stormy Rage* picks up the story with Randy on the road, looking for a new life, a new place where they can settle down. He travels to Kansas City, to an old neighborhood where he is exposed to other runaway kids surviving on the streets, and those he calls society's undesirables. From there he makes his way west, toward the coast, stopping along the way for a time with a biker gang that picks him up alongside the highway. A series of tragedies convinces Randy that they don't have a chance of success in trying to attain a new life. With that realization, he turns to drugs and alcohol, which keep him numb and muddled, preventing him

from sorting out the truth. When he hits a low point, Jesse takes over to lead them for a time, a role in which he's not comfortable. Jesse catches a ride on the highway with Marcella, a female impersonator, who declares herself to be an entertainer. Marcella takes him to San Diego where he meets the colorful crowd Marcella associates with. While Jesse is struggling to cope with the role of directing their life, Randy keeps showing up, still wrestling with substance abuse problems. Jesse fears Randy could be a threat to their existence. He decides he must seek help for them, but that would entail telling someone the secret of their life, a secret they had always sought to conceal. Winter's Stormy Rage follows the three facets of Eddie through their struggles, through the setbacks and the successes in the complex life they shared, from a bleak beginning to a promising conclusion ... Author Biography (Communication with Readers) PROLOGUE Prior ... Autumns Dancing Leaves ... Eddie was born not favoring anyone in his family, which created problems between his parents. His mother irrationally blamed him. When he was five years old, Evelyn sought to punish him by loaning him to pedophile men. As a result, he was abused by the companions and neglected by his mother. Intelligent, with heightened abilities in logic and reasoning, little Eddie attempted to rationalize his situation in an effort to keep the abuse in an acceptable perspective that would allow him to cope with it. He struggled with the increasing severity of the abuse but, by age eleven, he could no longer handle the circumstances of his life. Gravely depressed, he decided his only escape would be to die, that by conscious will, he could simply resolve to give up life and cease to exist. Eddie's mind, alerted to his decision, was determined to survive, believing the ultimate goal for any entity was to continue, regardless of the form or quality of life. Panicked at the threat of cessation, his mind made a desperate decision - it fractured his personality and created Randy from traits that had been repressed in Eddie. Randy, a tough, defiant The New York Times bestselling series starring Hannah Smith continues with this electrifying new thriller from the author of the Doc Ford novels. The house is historic, some say haunted. It is also slated to be razed and replaced by condos, unless Hannah Smith can do something about it. She's been hired by a wealthy Palm Beach widow to prove that the house's seller didn't disclose everything he knew about the place when he unloaded it, including its role in a bloody Civil War skirmish in which two of Hannah's own distant relations had had a part, as well as the suicides—or possibly murders—of two previous owners. Hannah sees it as a win-win opportunity: She can stop the condo project while tracking her family history. She doesn't believe in ghosts. But some dangers are real. And the most deadly of all may be human obsession... A concise history of the long struggle between two fundamentally opposing constitutional traditions, from one of the nation's leading constitutional scholars—a manifesto for renewing our constitutional republic. The Constitution of the United States begins with the words: "We the People." But from the earliest days of the American republic, there have been two competing notions of "the People," which lead to two very different visions of the Constitution. Those who view "We the People" collectively think popular sovereignty resides in the people as a group, which leads them to favor a "democratic" constitution that allows the "will of the people" to be expressed by majority rule. In contrast, those who think popular sovereignty resides in the people as individuals contend that a "republican" constitution is needed to secure the pre-existing inalienable rights of "We the People," each and every one, against abuses by the majority. In Our Republican Constitution, renowned legal scholar Randy E. Barnett tells the fascinating story of how this debate arose shortly after the Revolution, leading to the adoption of a new and innovative "republican" constitution; and how the struggle over slavery led to its completion by a newly formed Republican Party. Yet soon thereafter, progressive academics and activists urged the courts to remake our Republican Constitution into a democratic one by ignoring key passages of its text. Eventually, the courts complied. Drawing from his deep knowledge of constitutional law and history, as well as his experience litigating on behalf of medical marijuana and against Obamacare, Barnett explains why "We the People" would greatly benefit from the renewal of our Republican Constitution, and how this can be accomplished in the courts and the political arena.
