The Getting Things Done Workbook Dec 20 2022 An accessible, practical, step-by-step how-to guide that supplements Getting Things Done by providing the details, the how-to's, and the practices to apply GTD more fully and easily in daily life The incredible popularity of Getting Things Done revealed people's need to take control of their own productivity with a system that reduces the stress of staying on top of it all. Around the world hundreds of certified trainers and coaches are engaged full time in teaching the process, supported by a grassroots movement of Meetup groups, LinkedIn groups, Facebook groups, podcasts, blogs and dozens of apps based on it. While Getting Things Done remains the definitive way to gain perspective over work and create the mental space for creativity and mindfulness, The Getting Things Done Workbook enhances the original by providing an accessible guide to the GTD methodology in workbook form. The workbook divides the process into small, manageable segments to allow for easier learning and doing. Each chapter identifies a challenge the reader may be facing--such as being overwhelmed by too many to-do lists, a messy desk, or email overload--and explains the GTD concept to address. The lessons can be learned and implemented in almost any order, and whichever is adopted will provide immediate benefits. This handy instructional manual will give both seasoned GTD users and newcomers alike clear action steps to take to reach a place of sustained efficiency.

The Option Trader's Workbook Sep 17 2022 Successful stock options trading requires extensive practice. Most options books offer theory and strategies, but don't offer the practice needed to prepare for real-world trades, where the wrong split-second decisions can cost you dearly. In The Option Trader's

Workbook: A Problem-Solving Approach, expert trader Jeff Augen covers every key scenario you'll encounter in modern options trading, guides you through successful trade executions, and shows how to overcome key pitfalls that trip up most traders. You'll walk through trades designed to profit from changing prices and volatility, time decay, rapid price spikes, and many other factors. This second edition introduces powerful new techniques, and reflects the long-term impacts of the 2009 crash. New problems include: - New CBOE Weekly Options Expiration options, and their unique pricing dynamics. - Using collars, covered calls, and covered puts to structure income-generating trades with well-defined risk profiles. - Using ratio trading, VIX options, volatility ETFs, and variance trading to generate profits from shifts in volatility. Each section contains information for beginners, intermediate, and advanced traders, helping you build your skills one trade at a time, no matter how much experience you have--or how little. You'll find several hundred questions, all designed to mirror real life, and supported with clearly explained solutions.

Panic Attacks Workbook Dec 28 2020 With methods and exercises based on the author's extensive clinical experience, *Panic Attacks Workbook* helps people understand the true nature of their panic attacks. It demonstrates the vicious cycle of habitual responses that lead to debilitating attacks, teaches how to halt this self-destructive process, and guides people along a proven path that promotes recovery. David Carbonell outlines such cognitive behavioral methods as diaphragmatic breathing, progressive exposure, desensitization, relaxation, keeping a panic diary, and much more. He shows how to cultivate a personal attitude that facilitates solutions rather than placing blame. He clearly explains how the very nature of panic leads people into a chronic cycle of anticipation, panic, and helplessness, and details how to overcome this pattern with innovative responses and an attitude of acceptance. Charts, worksheets, and program outlines help point the way through the workbook and on to recovery.
