*zaat* Jul 12 2022 This novel tells the story of the life of an Egyptian woman--the eponymous Zaat--during the regimes of three Egyptian presidents: Abdel Nasser, Sadat, and Mubarak. It takes a humorous but often black look at the changes that have occurred in Egypt over the past few decades. Zaat's life experiences and relationships are set against economic and social upheavals in a style that is both sophisticated and bawdy, highly ironic and often extremely poignant.

*Rethinking Tradition in Modern Islamic Thought* Oct 15 2022 Questions about the authenticity and authority of sunna have long been of central importance to the study of Islam, especially to those concerned with Islamic law. In this fascinating study, Daniel Brown traces the emergence of modern debates over sunna, focusing in particular on Egypt and Pakistan where these controversies have raged most fiercely, and assesses the implications of new approaches to the law on contemporary movements of Islamic revival. Using the case of modern Islam as a starting-point, the author considers how adherents of any great tradition deal with change.

*Mistborn: Secret History* Feb 19 2023 Note: This novella is included in *Arcanum Unbounded: The Cosmere Collection*, now available in print, ebook, and audiobook from Tor (US/Canada) and Gollancz (UK/Commonwealth). *Mistborn: Secret History* is a companion story to the original *Mistborn* Trilogy. As such, it contains huge spoilers for the books *Mistborn (The Final Empire)*, *The Well of Ascension*, and *The Hero of Ages*. It also contains very minor spoilers for the book *The Bands of Mourning*. *Mistborn: Secret History* builds upon the characterization, events, and worldbuilding of the original trilogy. Reading it without that background will be a confusing process at best. In short, this isn't the place to start your journey into *Mistborn*. (Though if you have read the trilogy—but it has been a while—you should be just fine, so long as you remember the characters and the general plot of the books.) Saying anything more here risks revealing too much. Even knowledge of this story's existence is, in a way, a spoiler. There's always another secret.

**Before European Hegemony** Apr 09 2022 In this important study, Abu-Lughod presents a groundbreaking reinterpretation of global economic evolution, arguing that the modern world economy had its roots not in the sixteenth century, as is widely supposed, but in the thirteenth century economy--a system far different from the European world system which emerged from it. Using the city as the working unit of analysis, *Before European Hegemony* provides a new paradigm for understanding the evolution of world systems by tracing the rise of a system that, at its peak in the opening decades of the 14th century, involved a vast region stretching between northwest Europe and China. Writing in a clear and lively style, Abu-Lughod explores the reasons for the eventual decay of this system and the rise of European hegemony.

**Religion and Folk Cosmology** Nov 16 2022 This study refutes both the Western dominant paradigm of modernity and the Eurocentric stereotype of traditional Muslim culture, and demonstrates that rural Egyptians have their own paradigm of secular modernism that does not negate religious or sacred orientations. Islam is associated with ongoing attempts at religious purification and cultural unification and is inimical to cultural homogenization encouraged by Western globalization. Provides a holistic interpretation of the interplay between religion and folk cosmology, challenging the stereotypes that relegate traditional people to backwardness and a peripheral space or locality. Within this Muslim society the global/local nexus is one of ongoing creative integration, not separation. The cosmology can best be understood in the context of its totality, encompassing both visible and invisible zones. Muslims articulate personal or private order as well as social order within their cosmology. This cosmological view, endowing people with a unique imaginative sense of engagement with a supraphenomenal reality, accentuates the belief that divine cosmic invisible higher power surpasses any other power. Such a belief represents an inexhaustible source of spiritual and emotional empowerment that may be politically mobilized in certain critical moments and depicted as a religious, holy struggle, or jihad.

**The Islamists are Coming** Feb 07 2022 *The Islamists Are Coming: Who They Really Are* is the first book to survey the rise of Islamist groups in the wake of the Arab Spring. A wide range of experts from three continents cover the major countries where Islamist parties are redefining politics and the regional balance of power. They cover the origins, evolution, positions on key issues and the future in key countries. Robin Wright offers an overview, Olivier Roy explains how Islam and democracy are now interdependent, Annika Folkeson profiles the 50 Islamist parties, and 10 experts identify Islamists in Algeria, Egypt (two), Jordan, Lebanon, Libya, Morocco, the Palestinian territories, Syria, and Tunisia.

**Egypt's Political Economy** Sep 14 2022 A new assessment of the impact of power relations on economic development.

**Women Under Islam** May 10 2022 How Islam treats women is one of the most hotly contested questions of our times. Islamic law is often misrepresented as a single monolithic concept, rather than a collection of different interpretations and practices. To move the debate on Islamic law and gender forward, it is necessary to establish how Islamic law actually operates. In this groundbreaking work, Chris Jones-Pauly explores what conditions sustain the most liberal interpretation of Islamic law on gender issues. She examines the different interpretations, histories and practices of Islamic law in different countries. She finds that the political independence of judicial institutions is a far more important factor than the relative conservatism of the society. This wide-ranging book will provide new insights not only for those studying law and gender, but for anyone with an interest in Islamic societies

**Sacred Rage** Jun 11 2022 For a generation, Muslim extremists have targeted Americans in an escalation of terror that culminated in the September 11 attacks. Our shared confusion -- Who are the attackers? Why are we targets? -- is cleared away in a book as dramatic as it is authoritative. Updated with new chapters on Afghanistan and the broader Islamic movement, *Sacred Rage* combines Robin Wright's extraordinary reportage on the Islamic world with an historian's grasp of context to explain the roots, the motives, and the goals of the Islamic resurgence. Wright talked to terrorists, militant religious leaders, and fighters from Beirut to Islamabad and Kabul. Their voices of rage reverberate here -- right up to the attacks in New York and Washington. Across continents extends a challenge we fail to understand at our peril. *Sacred Rage* now casts light on the war being fought in the shadows.

**Inside Egypt** Mar 08 2022 Featuring a new afterword in the paperback edition, a critical assessment of what the author identifies as Egypt's corrupt society is an accessible exposé of regional dictatorial politics under Hosni Mubarak that also evaluates flawed Washington perspectives on the area. Reprint.

[Passion for Islam](#) Aug 13 2022 "Islam's revival is reshaping Egypt and other Arab countries in ways beyond violent politics. The yearning for personal solace, a just political system, indigenous lifestyles, and relevant theology all await satisfaction....Just as the Nile runs through Egypt for almost eight hundred miles, giving it life, so also the Straight Way, the way of Allah, runs through it, beckoning its people. The search by Egypt's Muslims for a modern understanding of the Straight Way is the essence of today's passion for Islam." -- from Chapter 1, "First Verses" Written by a Pulitzer Prize-winning journalist, this authoritative and enthralling primer on the modern face of Islam provides one of the most comprehensive accountings for the roots of religious terrorism and Middle Eastern strife. Over decades, a myriad of social, political, and religious factors has made today's Middle East a combustible region and has contributed to Islam's new power and turmoil. Passion for Islam uses one particular country, Egypt, as a lens through which to show how these forces play out across the area, allowing terrorism to gain a foothold. Through the personal experiences and observations of individual Egyptians encountered during her five years as the Washington Post's Cairo bureau chief, veteran journalist Caryle Murphy explores how Islam's contemporary revival is unfolding on four different levels: "Pious Islam" highlights the groundswell of grassroots piety that has created more Islamic societies; "Political Islam" examines how Islamists, using both violent and peaceful means, are reshaping the region's authoritarian secular political order and redefining Islam's role in the public arena; "Cultural Islam" looks at Egyptian efforts to resist a ubiquitous Western culture by asserting an Islamic identity; "Thinking Islam" reveals how intellectuals are reexamining their theological heritage with the aim of modernizing Islam. Representing years of exhaustive research, Passion for Islam also looks at how the tortured Israeli-Palestinian conflict has contributed to the region's religious ferment and political tumult. By revealing the day-to-day ramifications of all these issues through the eyes of Egyptian intellectuals, holy men, revolutionaries, and ordinary citizens, Passion for Islam brings an unparalleled vitality and depth to Western perceptions of Middle Eastern conflict.
