This book investigates the gendered dimensions of academic life in the contemporary Australian university. It examines key discourses – most notably academic performativity and identity – through a feminist lens, and scrutinises how discourses of neoliberalism and feminism are entangled in the structure, systems, operations and cultures of the university. Drawing on in-depth qualitative interviews with academic women in Australia, the author uses a mix of experimental methods to emphasise the performative and discursive decisions women make with regard to their academic careers. In doing so, this book reveals how women themselves generate neoliberal and feminist shifts, how they manage the contradictions they produce, and how they carve spaces of influence and authority. Moving towards a re-evaluation of existing discourses, this book offers new insights into gender inequality in the Australian university in neoliberal times. The Earl of Sheffield takes up politics and speaks of the country's social ills in Parliament. He develops a close friendship with a mysterious columnist, known only as the "Firebrand", who shares his views. What he doesn't know is that the writer is the brash Lady Augusta, who infuriates him, but also ignites a fiery passion. A daughter revisits the home of her occultist parents to learn why they were killed the night they tried to return the old gods to Earth. The house is occupied by new occultists, including one who sends her blood racing. Fortunately, the ghost of her father is around to protect her from him. By the author of The Mists of Avalon. Over vast expanses of time, fire and humanity have interacted to expand the domain of each, transforming the earth and what it means to be human. In this concise yet wide-ranging book, Stephen J. Pyne—named by Science magazine as “the world’s leading authority on the history of fire”—explores the

surprising dynamics of fire before humans, fire and human origins, aboriginal economies of hunting and foraging, agricultural and pastoral uses of fire, fire ceremonies, fire as an idea and a technology, and industrial fire. In this revised and expanded edition, Pyne looks to the future of fire as a constant, defining presence on Earth. A new chapter explores the importance of fire in the twenty-first century, with special attention to its role in the Anthropocene, or what he posits might equally be called the Pyrocene. Wildland fires are occurring more frequently and affecting more of Earth's surface than ever before. These fires affect the properties of soils and the processes by which they form, but the nature of these impacts has not been well understood. Given that healthy soil is necessary to sustain biodiversity, ecosystems and agriculture, the impact of fire on soil is a vital field of research. *Fire Effects on Soil Properties* brings together current research on the effects of fire on the physical, biological and chemical properties of soil. Written by over 60 international experts in the field, it includes examples from fire-prone areas across the world, dealing with ash, meso and macrofauna, smouldering fires, recurrent fires and management of fire-affected soils. It also describes current best practice methodologies for research and monitoring of fire effects and new methodologies for future research. This is the first time information on this topic has been presented in a single volume and the book will be an important reference for students, practitioners, managers and academics interested in the effects of fire on ecosystems, including soil scientists, geologists, forestry researchers and environmentalists.

The term "femme" originates from 1940s Western working-class lesbian bar culture, wherein femme referred to a feminine lesbian who was typically in a relationship with a butch lesbian. Expanding from this original meaning, femme has since emerged as a form of femininity reclaimed by queer and culturally marginalized folks. Importantly, femme has also evolved into a theoretical framework. Femme theory argues that "femme" constitutes a missing piece in queer and feminist discourses of femininity. Attending to this gap, femme theory centres queer femininities as a means of pushing against the deeply embedded masculinist orientation of queer and gender theory. Thus, femme theory offers tools to shift the way researchers and readers understand femininity as well as systems of gender and power more broadly. This book is an introduction to femme theory, showcasing how femme can be used as a theoretical framework across a variety of contexts and disciplines, such as Film & Media Studies, Psychology, Sociology, or Critical Disability Studies; from countries, including Canada, China, Guyana and the USA. Femme theory asks readers to reconsider how femininity is conceptualized, revealing some of the many taken for granted assumptions that are embedded within cultural discourses of gender, sexuality, and power. The chapters in this book were originally published as a special issue of the *Journal of Lesbian Studies*.

Classic Lesbian Love Poems During the Age of Revolution, Paris came alive with wildly popular virtuoso performances. Whether the performers were musicians or chefs, chess players or detectives, these virtuosos transformed their technical skills into dramatic spectacles, presenting the marvelous and the outré for spellbound audiences. Who these characters were, how they attained their fame, and why Paris became the focal

point of their activities is the subject of Paul Metzner's absorbing study. Covering the years 1775 to 1850, Metzner describes the careers of a handful of virtuosos: chess masters who played several games at once; a chef who sculpted hundreds of four-foot-tall architectural fantasies in sugar; the first police detective, whose memoirs inspired the invention of the detective story; a violinist who played whole pieces on a single string. He examines these virtuosos as a group in the context of the society that was then the capital of Western civilization. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. In the last decade alone, the face and nature of the job market has evolved dramatically. It's now a given that personal branding will have a significant impact on your professional opportunities. It's not an exaggeration that your brand and reputation could make--or break--your career. In order to connect with new employers and clients and transform your potential into success, you need to establish your unique digital identity, build strong relationships with your audience(s), and gain visibility for all the right reasons. *Getting to Like* is a practical, actionable guide to anticipating and staying one step ahead of the curve--and your competition. Each chapter provides specific examples for effective communication and engagement, including: Strategies for both in-person and digital channels. Interviews, case studies, and advice from branding and marketing experts. Specific guidelines for successfully navigating the most essential platforms. It's a crowded, competitive marketplace out there. *Getting to Like* will help you stand out, make your voice heard, and take those crucial steps toward future-proofing your career. Over the past twenty years, interest in Irish literature has risen dramatically across the globe. *Irish Literature, 1750–1900: An Anthology* presents in one volume the rich body of Irish writing between the Enlightenment and Modernism. This expansive anthology offers full texts of short plays, fiction, and poetry by a wide selection of prominent writers, including Richard Brinsley Sheridan, Maria Edgeworth, Thomas Moore, James Clarence Mangan, Samuel Ferguson, Lady Jane Wilde, and Oscar Wilde. It features a selection of collaboratively authored works by the Edgeworths, the Banims, and the Kavanaghs, as well as excerpts from collaborative publications such as *Paddy's Resource* and *The Nation*. Special attention is paid to the work of Ireland's women writers, as well as a number of Ulster poets and writers who emigrated to North America during this period. Designed specifically for classroom use, this essential resource offers a variety of helpful features for students, including a chronology of historical events and major literary works of the era. A vibrantly illustrated introduction to intersectional feminism for next-generation changemakers. Who has power? Who creates the rules? How do identities intersect? In this next book in the *Empower the Future* series, explore the points where gender, race, class, ability, sexuality, and culture meet. Learn from author Jamia Wilson's lived experience, read the statistics, and gain strength in quotes from feminist firebrands and activists. Along the way, respond to calls

to action and form your own views on the 'F' word. This book is for everyone. Discover the history and meaning of the feminist movement through 15 reasons why feminism improves life for everyone. By exploring who has been left out of the movement historically, this book makes sure everybody is included. "I am a feminist. I've been female for a long time now. It'd be stupid not to be on my own side." —Maya Angelou

What have you been taught about who has power and who makes the rules? Have you ever been lost for words at an old-school family friend's 'kind' but sexist comments? Do you agree with equality and strive for justice, but struggle to take on the name 'Feminist'? Then read on. In this new feminist classic, the focus is intersectional from the beginning, not just as an add-on. Using the framework of 'personal is political,' Jamia Wilson—former director of the Feminist Press—analyzes her own experiences, before expanding outwards and drawing on stats, quotes, and luminaries to gain strength from. Expand what feminism means to you, your community, and society by examining these 15 themes: feminism, identity, justice, education, money, power, health, wellness, freedom, relationships, media, safety, activism and movements, innovation, and an interactive exploration of what feminism means to you. You will close the book with an understanding that history and culture play a role in shaping systems of power and of what we can do with our strengths, community, and values to help change course when needed. You won't have read a feminist tome like this before. Other inspiring books authored by Jamia Wilson: *Young Gifted and Black*, *Step Into Your Power*, and *Big Ideas for Young Thinkers*.

Lean Manufacturing, also called lean production, was originally created in Toyota after the Second World War, in the reconstruction period. It is based on the idea of eliminating any waste in the industry, i.e. any activity or task that does not add value and requires resources. It is considered in every level of the industry, e.g. design, manufacturing, distribution, and customer service. The main wastes are: over-production against plan; waiting time of operators and machines; unnecessary transportation; waste in the process itself; excess stock of material and components; non value-adding motion; defects in quality. The diversity of these issues will be covered from algorithms, mathematical models, and software engineering by design methodologies and technical or practical solutions. This book intends to provide the reader with a comprehensive overview of the current state, cases studies, hardware and software solutions, analytics, and data science in dependability engineering.

From *A Vindication of the Rights of Woman* to *Frankenstein*, a tale of two literary legends—a mother and daughter—discovering each other and finding themselves along the way, from USA Today bestselling author Stephanie Marie Thornton. 1792. As a child, Mary Wollstonecraft longed to disappear during her father's violent rages. Instead, she transforms herself into the radical author of the landmark volume *A Vindication of the Rights of Woman*, in which she dares to propose that women are equal to men. From conservative England to the blood-drenched streets of revolutionary France, Mary refuses to bow to society's conventions and instead supports herself with her pen until an illicit love affair challenges her every belief about romance and marriage. When she gives birth to a daughter and is stricken with childbed fever, Mary fears it will be her

many critics who recount her life's extraordinary odyssey... 1818. The daughter of infamous political philosopher Mary Wollstonecraft, passionate Mary Shelley learned to read by tracing the letters of her mother's tombstone. As a young woman, she desperately misses her mother's guidance, especially following her scandalous elopement with dashing poet Percy Bysshe Shelley. Mary struggles to balance an ever-complicated marriage with motherhood while nursing twin hopes that she might write something of her own one day and also discover the truth of her mother's unconventional life. Mary's journey will unlock her mother's secrets, all while leading to her own destiny as the groundbreaking author of *Frankenstein*. A riveting and inspiring novel about a firebrand feminist, her visionary daughter, and the many ways their words transformed our world. By providing a much-needed grammar review, along with a variety of readings that will suit the tastes of many different teaching preferences, this textbook will help students make the transition from beginning Latin to the intermediate level. Bard di Asturien, ambitious soldier-outlaw, and of his opponent, Varzil the Good, who struggled to establish the Compact. And it is also the story of a man from distant Terra named Paul Harrell who was the exact duplicate of Varzil's enemy. Blending archaeological fact and legend, the myths of the gods and the feats of heroes, Marion Zimmer Bradley breathes new life into the classic tale of the Trojan War—reinventing larger-than-life figures as living people engaged in a desperate struggle that dooms both the victors and the vanquished, their fate seen through the eyes of Cassandra—priestess, princess, and passionate woman with the spirit of a warrior. Pastor Parsley's no-holds-barred analysis of American society's moral and spiritual decay addresses various topics including the gay agenda, judicial tyranny, and abortion. His "Action Points" challenge and compel believers to speak up and reclaim America's godly heritage. From bestselling author Linda Lael Miller comes the story of a firebrand heroine and a dashing sea captain—an engaging couple that is fiery and tempestuous, but captive to an unspoken mutual desire. Kidnapped and confined in a harem—that's not the scenario Charlotte Quade envisioned when she prayed for just one grand adventure before sailing home to Washington Territory from Europe. While exploring the ancient, exotic island kingdom of Riz, Charlotte foolishly lost her way. In a dizzying moment, she was snatched, bound up

in a sack and unceremoniously dumped... more—completely naked!—in the ship's cabin of the very same man who had caught her fancy as a young girl in Seattle: Captain Patrick Trevarran. But Charlotte's dream lover turned out to be no gentleman! He had once gallantly fetched her, as a mischievous teenager, from the riggings of his ship, but now he appraised her with exasperation and quickly packed her off to the harem of a sultan friend. When they were reunited—as much by mercy as by fate—it was clear that Patrick wished merely to tease and trifle with this pretty, rebellious American. But, through their adventure, Charlotte had discovered a provocative man torn between recklessness and devotion, between storm and calm. Now, with all the strength and passion she possessed, Charlotte would chart a course that would sweep them at last to their destiny—a glorious and resounding love.

Growing discontent with the performance of educational institutions is common in the USA today and little is being done to address the real problem - that of the need to reform and restructure the entire educational system. A key issue in this reform is the training and development of leaders in educational administration; as experienced "leaders" retire, so new professionals are called to assume the mantle of the "old hands" and vital new opportunities exist for those willing to take up the challenge.; This vitally practical text is about the selection, preparation and professional development of aspiring school leaders over the course of their careers, concentrating on ways to increase their overall effectiveness - particularly in changing times. It looks at changes that have been made and considers what can be adapted from existing systems in order to make radical improvements for those in leadership positions.; It is intended for use by postgraduate students in education, teacher trainings, heads of education faculties and teachers in leadership positions, school board members and aspirant superintendents.

The Tempest is a play by William Shakespeare, probably written in 1610-1611, and thought to be one of the last plays that Shakespeare wrote alone. After the first scene, which takes place on a ship at sea during a tempest, the rest of the story is set on a remote island, where the sorcerer Prospero, a complex and contradictory character, lives with his daughter Miranda, and his two servants--Caliban, a savage monster figure, and Ariel, an airy spirit. The play contains music and songs that evoke the spirit of enchantment on the island. It explores many themes, including magic, betrayal, revenge, and family. In Act IV, a wedding masque serves as a play-within-the play, and contributes spectacle, allegory, and elevated language.

The Islands Project: Poems For Sappho is a book-length collection of poems intended as a conversation with and investigation of the life of Sappho as can be imagined from her work and historical circumstances. The poems attempt a meeting between a contemporary woman poet and one from antiquity, both of them adrift in time. What can a lesbian poet know of her supposed progenitor? If Sappho is only fragments, is not a lesbian tradition in poetry the same, or does it only feel that way? *The Islands Project* investigates these questions and deals, at the same time, with the death of the poet's mother.

Magic, danger, and adventure abound for messenger Karigan G'ladheon in the sixth book in Kristen Britain's New York Times-bestselling Green Rider epic fantasy series. Zachary Davriel Hillander, High King of Sacordia, rues how much he has had to give up to lead his realm, including the freedom to live and love as he chooses. When an embassy from Eletia arrives to propose a joint venture between their realms to seek out an old ally in the north, he is dismayed to learn that the one Sacordian they have in mind to accompany their guide is the woman he truly loves but cannot have: Green Rider Karigan G'ladheon. Karigan has only just returned from a dark future where Sacordia has been conquered and is ruled by a despotic emperor, and she has not recovered in heart or mind. As if that is not enough, the castle ghosts won't leave her alone. Though Zachary is loath to part from her so soon after her return, he knows she is the best choice to undertake the mission to the north. Each step on their journey places Karigan and her companions closer to enemy territory and danger, for northward lie the forces of Second Empire, Sacordia's longtime foe, and Grandmother, the necromantic leader of Second Empire, has not been idle. She uses her magic to summon a wild elemental spirit to wreak havoc upon Zachary and his wife, Queen Estora. At first the Sacordians succeed in fending off the creature, but it so covets Estora that it can't stay away. It abducts Zachary, assuming his form and his place at Estora's side--but when it is finally ousted, Zachary is still missing. Estora, alone and heavy with twins, must prepare her realm for the coming conflict from the confines of her bedchamber. Meanwhile, the danger only deepens for Karigan and her companions as they journey north. When she finds herself caught in the midst of a clash between forces, Karigan must rescue and protect her king before she falls into a trap set by Grandmother--a trap that could give Second Empire the power to control the dead and all the demons of the hells.
