A Brief Guide to Maritime Strategy Sep 05 2021 A Brief Guide to Maritime Strategy is a deliberately compact introductory work aimed at junior seafarers, those who make decisions affecting the sea services, and those who educate seafarers and decision-makers. It introduces readers to the main theoretical ideas that shape how statesmen and commanders make and execute maritime strategy in times of peace and war. Following in the spirit of Bernard Brodie's Layman's Guide to Naval Strategy, a World War II-era book whose title makes its purpose plain, it will be a companion volume to such works as Geoffrey Till's Seapower and Wayne Hughes's Fleet Tactics and

Coastal Combat, the classic treatise that explains how to handle navies in fleet actions. It takes the mystery out of maritime strategy, which should not be an arcane art for practitioners or policy-makers, and will help the next generation think about strategy.

Let's Look at Ourselves Apr 12 2022 Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Calvin Aug 16 2022 In this book, one of the world's leading Calvin scholars, Willem van 't Spijker, provides a compact guide to Calvin's life and the main elements of his thought. By tracing Calvin's influence, he shows both the development of Calvin's thought and the ways in which it was important in his time and later. The book will be an excellent introduction to Calvin's life and thought for both beginning students and those already acquainted with Calvin's work.

SAGE Brief Guide to Marketing Ethics Oct 18 2022 With key terms and concepts related to marketing ethics presented in a short, easy-to-use format, this guide is an essential companion for marketing courses or as a reference for students and practitioners who would like to learn more about the basics of ethical marketing. The text is divided into four sections which contain important keywords that relate to those sections: Business Ethics, Ethics and the Marketing Mix, Ethics and the Promotional Mix, and Special Topics in Marketing Ethics. Each keyword entry is written by a scholar drawn from the fields of business and marketing ethics, and is a comprehensive essay on such crucial topics as ethical issues in pricing, green marketing, and deceptive advertising. Each essay includes a list of references and suggested readings for each article so that readers can find more information on those issues they are most interested in.

A Brief Guide to Schools Oct 26 2020

A Brief Guide to the Department of Fine Arts Jul 03 2021 A Brief Guide to the Department of Fine Arts by Michael Williams. This book is a reproduction of the original book published in 1915 and may have

some imperfections such as marks or hand-written notes.

A Brief Guide to the National Gallery of Art of the United States of America Mar 31 2021

German: a Brief Guide for Students May 13 2022

A Brief Guide to Arguing about Literature Sep 17 2022 More and more, first- year writing courses foreground skills of critical analysis and argumentation. In response, A Brief Guide to Arguing about Literature first hones students' analytical skills through instruction in close critical reading of texts; then, it shows them how to turn their reading into well-supported and rhetorically effective argumentative writing. For instructors who prefer to aggregate their own anthology of readings and literary works for their literature-based composition courses, A Brief Guide to Arguing about Literature comprises only the writing-guide chapters of John Schilb and John Clifford's admired Arguing about Literature: Guide and Reader. In response to reviewer suggestions, this new edition of A Brief Guide to Arguing about Literature includes even more instruction in the key skills of argumentation, critical reading, and research than its predecessor.

Supporting Learners Jun 14 2022

A Brief Guide to Academic Bullying Aug 24 2020 Targets of bullying are often the most vulnerable members of the scientific workforce—they may be low-paid graduate students or postdocs, living in a foreign country, navigating a foreign language and culture, and whose immigration status is tied directly to their employment. They may also have young families, be living paycheck-to-paycheck, and have health insurance and other benefits that depend on a contract position that can be revoked with little to no notice or cause. Finally, targets on the low end of a power differential are not likely to be supported by their institutions, particularly institutions that rely on the big grant earnings brought in by senior “bullies.” This book is a brief guide to the causes of academic bullying and to their solutions.

A Brief Guide to Stephen King Jul 15 2022 2014 marks the 40th anniversary of the publication of Stephen King's first novel Carrie in April 1974. In this title, the author examines how King's writing was affected by the accident that nearly killed him in 1999 and how his battles with alcohol and addiction to medication have been reflected in his stories.

A Brief Guide to the Cathedral May 01 2021

A Brief Guide to Ountermline Abbey (Classic Reprint) Apr 19 2020

Excerpt from A Brief Guide to Ountermline Abbey This church was begun about 1072, and the extent of the foundations is indicated by a gun-metal strip on the Nave floor. The church, between 80 and 90 feet in length, had a semi-circular apse at the east end where the high altar was situated, and a square tower at the west end. It is said that it was not completed at the time of Malcolm's death in 1093. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Writing Essays About Literature Mar 19 2020 This book gives students an answer to the question, "What does my professor want from this essay?" In lively, direct language, it explains the process of creating "a clearly-written argument, based on evidence, about the meaning, power, or structure of a literary work." Using a single poem by William Carlos Williams as the basis for the process of writing a paper about a piece of literature, it walks students through the processes of reading, brainstorming, researching secondary sources, gathering evidence, and composing and editing the paper. Writing Essays About Literature is designed to strengthen argumentation skills and deepen understanding of the relationships between the reader, the author, the text, and critical interpretations. Its lessons about clarity, precision, and the importance of providing evidence will have wide relevance for student writers.

A Brief Guide to Vibratory Technique (Classic Reprint) Sep 24 2020

Excerpt from A Brief Guide to Vibratory Technique The sale of three thousand of these books in eighteen months has shown that a field for the work exists. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at

Fine Art Jan 09 2022

A Brief Guide to Star Trek Dec 20 2022 For over 40 years Star Trek has made a phenomenal cultural impact. Now more popular than ever - J.J. Abrams' reinvented Star Trek movie was one of the box office hits of 2009, grossing \$385 million worldwide - the 'franchise' continues to have cultural, social and political resonance around the world. Star Trek has changed not just the way we look at space but also our own world. It gave the culture a lexicon of catchphrases, from "Beam me up, Scotty" to Dr McCoy's many complaints beginning "I'm a doctor, not a [...]!" Much of the 'future' technology depicted on Star Trek has come to feature in everyday life, from the communicator-like mobile phone to computer touch screens now taken for granted. Many of the world's most prominent scientists were inspired to pursue their careers (as were many writers and artists) due to an early exposure to Star Trek. In A Brief Guide to Star Trek, expert Brian J Robb charts the rise and rise of the show and explores its impact our culture.

Star-Gazer's Hand-Book Aug 04 2021 Excerpt from Star-Gazer's Hand-Book: A Brief Guide for Amateur Students of Astronomy The history and the destiny of the heavenly bodies We cannot know in this life, but we may know something of their immense distances from us and from one another, and of the laws that govern them in their sublime, silent revolutions through eternal space. As we gaze into the deep, measureless heavens and note the suns and worlds in their unceasing

motions through the boundless depths of space, we feel as at no other time the meaning of the Psalmist's words, Great and marvelous are thy works, Lord God Almighty. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. Something from Nothing Jul 23 2020

How are We Doing? Jun 21 2020

22 November 1963 Oct 14 2019 These days, almost no-one takes seriously the notion that one person, without assistance, killed President Kennedy. Even the official US government position for the last 40 years has been that JFK "was probably killed as the result of a conspiracy", in the words of the House Select Committee on Assassinations report. 22 November 1963: A Brief Guide to the JFK Assassination leads you expertly through the complex and contradictory evidence so that you can make up your own mind about who killed President Kennedy and why he was assassinated. This essential book is fully referenced, and provides a clear and readable account of all the central issues in this controversial subject, including: - Lee Harvey Oswald - lone assassin, conspirator or patsy? - Oswald's longstanding links to US intelligence agencies; - Oswald's apparent visit to Mexico City a few weeks before the assassination - the crucial event which caused the Warren Commission to be set up; - the official investigations - and why their answers are not widely believed; - the medical evidence - the reason why the case remains controversial; - the political context of the JFK assassination; - and the pros and cons of the main theories associated with the event. The e-book edition contains more than 500 links to sources such as witness testimony and experts' technical reports. It is perhaps the first JFK assassination e-book to allow readers to check the essential

documentation for themselves.

A Brief Guide to the Grounds and Buildings of Harvard University Dec 16 2019

A Brief Guide to Secret Religions Oct 06 2021 This wide-ranging book explores the diversity of esoteric and occult beliefs. Neo-Paganism is one of the fastest-growing new religions in the western world where witchcraft or Wicca, Druidry, and Urban Shamanism are thriving. Alongside this there has been an upsurge in New Age ideas of an even wider variety, including astrology, Tarot, numerology, and many others. And then there are members of various schools of occult science, practising High Magic. Why this new interest in old beliefs? Why are millions of educated people today abandoning both the established religion of their parents and 21st century scientific rationalism and turning to magic and esoteric teachings? In their search for spirituality those who follow these paths claim to be applying ancient wisdom to the modern world. The Brief History of Secret Religions, a companion book to The Brief History of Secret Societies, looks at the history and variety of these esoteric movements, where they came from and what they tell us about the world today. Praise for The New Believers: 'an excellent guide to fringe religions that juxtaposes "respectable" movements and those conventionally dismissed as cults.' The Telegraph. 'no-nonsense, comprehensive survey packed with non-judgmental information about the beliefs, aims and activities of such movements. Daily Mail.

The Narrow Road Jun 02 2021 One of the world's most successful media moguls shares eighty-eight tips for starting a business and getting rich. In How to Get Rich, British mogul Felix Dennis told the engaging story of how he started a media empire and became one of the wealthiest men in Britain-all without a college degree or any formal training. Now he shows readers exactly what it takes to start a business and make it successful. Dennis offers a pithy guide for those determined to attempt what he calls the getting of money-regardless of the consequences. His eighty-eight tips include: ? Do not fall in love with any project. You may believe in it wholeheartedly, but must remain prepared to abandon it should it show signs of failing. ? If you are unwilling to fail, sometimes publicly and even catastrophically, you will never be rich. ? You will never get rich working for your boss.

No one knows better than Dennis what it takes to get rich, and his battle-tested advice-delivered with his signature wit-will surely appeal to serious entrepreneurs.

Informal Logical Fallacies Feb 10 2022 Critical thinking is now needed more than ever. This accessible and engaging book provides the necessary tools to question and challenge the discourse that surrounds us—whether in the media, the classroom, or everyday conversation. Additionally, it offers readers a deeper understanding of the foundations of analytical thought. Informal Logical Fallacies: A Brief Guide is a systematic and concise introduction to more than fifty fallacies, from anthropomorphism and argumentum ad baculum, to reductionism and the slippery slope argument. This revised edition includes updated examples, exercises, and a new chapter on non-Western logical fallacies. With helpful definitions and relevant explanations, the author guides the reader through the realms of fallacious reasoning and deceptive rhetoric. This is an essential guide to philosophical reflection and clear thinking.

Physiology and Biochemistry Feb 27 2021

A Brief Guide to Philo Feb 22 2023 This is a compact introduction to the work of Philo (c. 20 BCE-50 CE), the important Jewish thinker and scriptural interpreter. Kenneth Schenck provides a guide for understanding Philo's complex works, a roadmap for topics and contents of Philo's writings, and a description of contemporary research so students can easily find their ways into Philo study.

A Brief Guide to Brief Writing Nov 19 2022 In the third in a series of practice guides by experienced litigator Janet Kole, Covering topics that A Brief Guide to Brief Writing covers topics such as ethical principles, lower court/appellate court distinctions, and JDAs. The author's honest and direct guidelines will help shape the brief writing of both veteran and new attorneys.

A Brief Guide to the Location and Use of the Library's Services and Resources Nov 26 2020

A Brief Guide to UF6 Handling Mar 11 2022

A Brief Guide to Biology Feb 16 2020 This book focuses on the core topics of biology with a friendly writing style and vivid illustrations while exploring current “real world” issues. A five-part organization covers atoms, molecules, and cells; energy and life; genetics;

evolution and the diversity of life; and ecology. For anyone interested in increasing their biological literacy – enabling them to make informed decisions at the ballot box and understand the research findings they see in the news.

Strategic Supervision Dec 08 2021 Strategic Supervision is a brief, practical guide to the most important aspects of supervisory leadership and personnel management within the social work environment. This is an applications-oriented book aimed at helping practitioners to problem-solve, lead teams and support multi-cultural and other forms of diverse staffing. A hands-on guide, designed for working with employees having performance difficulties and explaining how using a clear, but thorough, performance planning and review process is essential to best practice. It also offers a management tool for working with Equal Employment Opportunity, Affirmative Action and other nondiscriminatory practices in hiring and promotion activities.

Religion in American History May 21 2020

Socialism . . . Seriously Nov 07 2021 “Katch has done the impossible: he makes socialism sexy . . . eye-opening, inspiring, and funny . . . this book might turn you into a closet socialist” (Judah Friedlander, actor and comedian). Opinion polls show that many people in the United States prefer socialism to capitalism. But after being declared dead and buried for decades, socialism has come to mean little more than something vaguely less cruel and stupid than what we have now. That’s not exactly going to inspire millions to storm the barricades. Danny Katch brings together the two great Marxist traditions of Karl and Groucho to provide an entertaining and insightful introduction to what the socialist tradition has to say about democracy, economics, and the potential of human beings to be something more than being bomb-dropping, planet-destroying racist fools. “The most hilarious book about socialism since Karl Marx and his brother Harpo wrote their joke book.” —Hari Kondabolu, filmmaker and comedian “If The Communist Manifesto and America’s Funniest Home Videos had a baby, it would be Danny Katch’s new book. It’s a hilarious and fun way to think about what’s wrong with our world, how it could be different, and how we might get there. Keep an extra copy of Socialism . . . Seriously in your bag and hand it to the next person who asks you

what socialism is all about; as long as that person is not your boss . . . seriously.” —Brian Jones, actor, educator, and activist “A lighthearted, easy read that packs an intro course on socialism into a short volume. With jokes that made me laugh out loud, and a lot of heart. Socialism is for lovers. Indeed.” —Sarah Jaffe, Belabored podcast host
