Presents a very detailed account, including the English and European context, of the Lopez Affair, involving Dr. Roderigo Lopez, who gained wealth via international trade and became physician to Queen Elizabeth I. At the same time, he was a spy, with multiple masters, in England and abroad. His downfall and execution on the false charge of attempted regicide stemmed from political rivalry in England. His high status was related to the advantages, such as widespread contacts, that stemmed from his Converso background. Contemporary stereotyped attitudes toward Jews were reflected in Marlowe's "Jew of Malta" and Shakespeare's "The Merchant of Venice." A revelatory memoir of the 17 years Juan Sanchez spent as one of Fidel Castro's personal soldiers, in his innermost circle The Times Thrillers of the Year 2020 'Superbly crafted with heart-stopping twists and chills

galore. A new star has arrived in the thriller firmament' The Times, Book of the Month An "electrifying" biography of Walter White, a little-remembered Black civil rights leader who passed for white in order to investigate racist murders, help put the NAACP on the map, and change the racial identity of America forever (Chicago Review of Books). Walter F. White led two lives: one as a leader of the Harlem Renaissance and the NAACP in the early twentieth century; the other as a white newspaperman who covered lynching crimes in the Deep South at the blazing height of racial violence. Born mixed race and with very fair skin and straight hair, White was able to "pass" for white. He leveraged this ambiguity as a reporter, bringing to light the darkest crimes in America and helping to plant the seeds of the civil rights movement. White's risky career led him to lead a double life. He was simultaneously a second-class citizen subject to Jim Crow laws at home and a widely respected professional with full access to the white world at work. His life was fraught with internal and external conflict—much like the story of race in America. Starting out as an obscure activist, White ultimately became Black America's most prominent leader, during his time. A character study of White's life and career with all these complexities has never been rendered, until now. By the award-winning, New York Times bestselling author of *The Accidental President*, *Dewey Defeats Truman*, and *The Arsenal of Democracy*, *White Lies* uncovers the life of a civil rights leader unlike any other. "First published in 1999 by Talk Miramax Books." The incredible account of how one heroic woman defied convention in 19th-century America to live, work, and defend her country at a time of war, when women were barely allowed out of the house. 'The Double Life of Clocks' is the first collection of poetry written by Helen Ivory. Poet and prodigy Arthur Rimbaud led a life that was tragically brief, but just as dramatically eventful and accomplished. Reproduction of the original: *The Double Life* by Gaston Leroux The jazz pianist Billy Tipton was born in Oklahoma City as Dorothy Tipton, but almost nobody knew the truth until the day he died. This jazz era biography evokes the rich, popular-music history of the Great Depression and reads like a detective story. 60 photos. Angela, a sixteen-year-old girl from a poor neighborhood in New York City, learns not to judge people by their socio-economic class after she reluctantly accepts a scholarship to a fancy boarding school. Drawing on extensive interviews and unpublished letters, as well as his own encounters with Mailer, this authoritative biography of the eminent novelist, journalist and controversial public figure chronicles his entire career and his self-conscious effort to create a distinctive identity for himself. Grace's mum wants her daughter to study hard for

her piano exam. But Grace wants to spend all her free time practising with her band - the Garage Girls. How long can she keep her secret from her mum? And what will her mum do if she finds out? The modern family is under strain. What we crave most from our families is intimacy, warmth and self-fulfilment but we often find this difficult to achieve. We hold onto these expectations of our families even in the face of contradictory experiences, so the family sustains a double life. The authors explore the gap between our values, expectations and yearnings, and our experiences of everyday family life. Family ritual, political rhetoric, advertising images and television family sitcoms are all windows onto what we want and expect - our myths of the family. Yet our aspirations for intimacy and self-fulfilment are frustrated by unacknowledged inequalities between men and women, and parents and children. The inequalities have their origins in the division of domestic labour and in labour markets that disregard family responsibilities. *The Double Life Of The Family* argues that our expectations of family life are more powerful than is usually believed and have enormous influence on both the way governments structure social policy and on the decisions made by ordinary people. In Josef Skvorecký's first novel written in English, the narrator lives in two worlds: the exile world of post-Communist Czechoslovakia, where old feuds, treacherous betrayals, and friships that have lasted through wars, occupations, and revolutions survive; and the fatuously self-congratulatory comfortable world of a Canadian university, in which grave attention is given to matters such as whether a certain male professor has left his office door open wide enough while interviewing a female student. Murder suddenly intrudes upon both of these worlds. One features a young female sleuth, a college beauty queen, professional jealousies, and a neat conclusion. The other is a tragedy caused by evil social forces, in which a web of lies works insidiously to entangle Sidonia, who is a publisher of suppressed books and the narrator's wife. A brilliantly stylish tour de force in which the bright, sarcastic comedy of one tale sharply contrasts with the dark, elegiac bitterness of the other, *Two Murders in My Double Life* confirms Skvorecký's reputation as one of our most versatile, engaging, and compassionate writers. Little Michael's life wasn't the greatest, but he was doing just fine. That's until his father does the unthinkable and sexually molests him while turning his life upside down. Travel with Michael on his journey throughout his childhood as he is forced to grow up in supersonic speed. Read about how he cares for his mentally challenged brother and younger sister while his mother is sick in the hospital, during which time, he is taken advantage of and abused by his father. Michael not only deals with

the issue of being tormented by his dad, but his family also endures poverty. In addition, he deals with the everyday life experiences that an average teenager goes through which includes being bullied, peer pressure and just wanting to fit in with the rest of the kids, so much to the the degree, that he even has thoughts of suicide. Michael very bluntly tells it like it is, in this page turning tale of resiliency, inner strength, and courage. \* Learn what the tell tale signs may be if your child is being sexually or otherwise abused \* Know what steps you can take if something like this happens to your kid \*Experience first hand what kind of thoughts goes through the mind of an abused child A MUST READ FOR PEOPLE OF ALL AGES; Nina Faulks, MA, Psychology "So, you want to know more about Bob Dylan? Read Clinton Heylin's new book. You'll get all you need." -- Graham Nash, of Crosby, Stills, Nash & Young The definitive biography of one contemporary culture's most iconic and mysterious figures In 2016 Bob Dylan sold his personal archive to the George Kaiser Foundation in Tulsa, Oklahoma, reportedly for \$22 million. As the boxes started to arrive, the Foundation asked Clinton Heylin - author of the acclaimed Bob Dylan: Behind the Shades and 'perhaps the world's authority on all things Dylan' (Rolling Stone) - to assess the material they had been given. What he found in Tulsa - as well as what he gleaned from other papers he had recently been given access to by Sony and the Dylan office - so changed his understanding of the artist, especially of his creative process, that he became convinced that a whole new biography was needed. It turns out that much of what previous biographers - Dylan himself included - have said is wrong. With fresh and revealing information on every page A Restless, Hungry Feeling tells the story of Dylan's meteoric rise to fame: his arrival in early 1961 in New York, where he is embraced by the folk scene; his elevation to spokesman of a generation whose protest songs provide the soundtrack for the burgeoning Civil Rights movement; his alleged betrayal when he 'goes electric' at Newport in 1965; his subsequent controversial world tour with a rock 'n' roll band; and the recording of his three undisputed electric masterpieces: Bringing it All Back Home, Highway 61 Revisited and Blonde on Blonde. At the peak of his fame in July 1966 he reportedly crashes his motorbike in Woodstock, upstate New York, and disappears from public view. When he re-emerges, he looks different, his voice sounds different, his songs are different. Clinton Heylin's meticulously researched, all-encompassing and consistently revelatory account of these fascinating early years is the closest we will ever get to a definitive life of an artist who has been the lodestar of popular culture for six decades. A boy who lives every day twice uses his

ability to bring down bullies at his new school in Mike Thayer's humor-filled middle grade novel, *The Double Life of Danny Day*. My name is Danny Day, and I live every day twice. The first time, it's a "discard day." It's kind of like a practice run. At the end of the day, I go to bed, wake up, and poof everything gets reset, everything except my memory, that is. The second time, everything is normal, just like it is for everyone else. That's when everything counts and my actions stick. As you could probably guess, "Sticky Day" Danny is very different from "Discard Day" Danny. When Danny's family moves across the country, he suddenly has to use his ability for more than just slacking off and playing video games. Now he's making new friends, fending off jerks, exposing a ring of cheaters in the lunchtime video game tournament, and taking down bullies one day at a time ... or is it two days at a time? A biography of the famous American Indian princess, emphasizing her life-long adulation of John Smith and the roles she played in two very different cultures. From the New York Times bestselling, Edgar-Award winning author of *Under the Harrow* and *Northern Spy*, a "breathtaking" (The New York Times Book Review) page-turner inspired by a shocking true crime A better person would forgive him. A different sort of better person would have found him years ago. Nearly thirty years ago, while Claire and her brother slept upstairs, a brutal crime was committed in their grand London home. The next morning, her father's car was found abandoned, with bloodstains on the front seat. The first lord accused of murder in more than a century, he has been missing ever since. Now a doctor living under an assumed name, Claire learns the police may have found him, and her carefully calibrated existence begins to fracture. She starts to infiltrate his privileged inner circle, who have never broken their silence about what happened that night. Soon, Claire will learn how far she'll go to finally find the truth. Named a Must-Read by Entertainment Weekly, Bustle, O Magazine, BBC, CrimeReads, and PureWow Photographs by Nan Goldin and David Armstrong. Desiree is torn between her feelings for Rashad and Tyrell ever since Tyrell stepped up to be a better father. Kendra plans to stop at nothing to keep Desiree as far away from her baby's daddy as possible. Her efforts work, and Desiree gives up on her relationship with Rashad and decides to marry Tyrell—even though she still loves the "King of Houston." She wants to make her family with Tyrell work, but a new addition to their family just may split them up. Black Authors, Urban Books Black Authors, Urban Lit, Side Chicks A Double Life traces the life and times of Alyque Padamsee, godfather of Indian advertising and patriarch of English theatre in India. Padamsee takes the reader backstage with him on an exciting, and sometimes hilarious, trip as he unfolds scenes from a career that has encompassed the launch of some of India's most successful brands, such as Liril and Kama Sutra, and blockbuster theatre productions like Evita and Jesus Christ Superstar. The characters in this book are works of fiction. But, then, isn't everyone . . . ?

1988, Pencalenick, Cornwall. At seventeen, Jason wants much more from life than working at his father's pub and when fate, in the form of twins Daisy and Bea and their small circle of friends, offers him a glimpse of another, more glamorous, world, he's determined to become a part of it. It's Daisy who Jason is most entranced by, though. Everyone is: she's the sun around which others orbit. The trouble with the sun, of course, is that those who get too close risk getting burned – and by the end of the summer, one of the group will be dead.

2018, Camberwell, London. When famous actress Daisy Hemmings decides it's time to publish her autobiography, she chooses James Tate to write it. James is a ghost writer: it's his job to step into other people's shoes; to tell their stories for them. And he's good at it. Very good. After all, he's had years of practice at pretending to be someone he's not. But what happens when past and present – and truth and lies – collide?

Joanna Nadin's *The Double Life of Daisy Hemmings* is an unflinching, unforgettable novel about the people we are, the people we'd like to be, and the price we pay for getting what we want . . . “Terrifying” true stories of criminals who live seemingly normal lives, perfect for fans of *Mindhunter*—“these are the stories that keep me up at night” (Sgt. Joseph Kuns, LAPD). “He seemed so normal” is an all-too common sentiment from the neighbors of violent criminals when their heinous acts are finally exposed. There are often no obvious indicators that separate the pleasant neighbor from the sadistic murderer. Even serial killers like Jeffrey Dahmer, Ted Bundy, and John Wayne Gacy managed to circulate unnoticed among their communities. They are neighbors and students, professionals and friends living out criminal double lives. In *Double Lives*, true crime author Eric Brach presents both a nonfiction exposé and a nationwide search that details the exploits of some of the worst criminals in recent American history, all of whom succeeded in going undetected for years while perpetrating one crime after another—all in their own hometowns. Monsters of every race, age, gender, and socioeconomic class are profiled in this roller-coaster of crime. Along the way, the author discusses the criminals he grew up with in his

own seemingly innocent community, and provides a personal look at the current scourge of opioid addiction, making *Double Lives* a sensational yet sobering read. Jennie Erdal worked for nearly fifteen years for the flamboyant, extravagant, larger-than-life “Tiger,” a London publisher, entrepreneur, and media personality. Officially, she was his personal editor. In truth, Erdal was his ghostwriter and alter ego. Under his name, she produced not only newspaper columns, business columns, and novels, but even love letters. In temperament, the two couldn’t have been more different. Yet their relationship weathered storms of all kinds, from temper tantrums to serious financial reversals, with a tenacious bond that is both a wonder and an enigma. With effortless grace, gentle erudition, and wry humour, Erdal shows us vivid snapshots of an austere childhood in Scotland and of the London publishing world, peopled by the elegant and the “Oxbridge”-educated. She introduces us to a thoughtful girl who found her passion in language and the magic of words, a passion that led her by a series of chance events to the publishing house, and the strange, wonderful, and never-dull world of the inimitable Tiger. As original as it is elegant and witty, *Ghosting* is a remarkable memoir — more than just one woman’s story, it is the tale of her double life, as well as a fascinating glimpse into the symbiotic relationship between two very unusual people. “A thriller for fans of *The Girl on the Train* and *Gone Girl*...[with] a striking, original voice all Berry’s own.” —The New York Times Book Review

The riveting, Edgar Award-winning first novel from the New York Times bestselling author of *Northern Spy* and *A Double Life* When Nora takes the train from London to visit her sister in the countryside, she expects to find her waiting at the station, or at home cooking dinner. But when she walks into Rachel’s familiar house, what she finds is entirely different: her sister has been the victim of a brutal murder. Stunned and adrift, Nora finds she can’t return to her former life. An unsolved assault in the past has shaken her faith in the police, and she can’t trust them to find her sister’s killer. Haunted by the murder and the secrets that surround it, Nora is under the harrow: distressed and in danger. As Nora’s fear turns to obsession, she becomes as unrecognizable as the sister her investigation uncovers. A riveting psychological thriller and a haunting exploration of the fierce love between two sisters, the distortions of grief, and the terrifying power of the past, *Under the Harrow* marks the debut of an extraordinary new writer. Named one of the “10 Best Mystery Books and Thrillers of the Year” by The Washington Post Named one of the best books of the year by The Atlantic There is no denying it: motherhood splits a woman's life forever, into a before and an after. To this doubled life Lisa

Catherine Harper brings a wealth of feeling and a wry sense of humor, a will to understand the emotional and biological transformations that motherhood entails, and a narrative gift that any reader will enjoy. Harper documents her own journey across this great divide as a seasoned explorer might, observing, researching, relating anecdotes and critical information. From late-night Lindy Hop dancing to crippling sciatica, morning sickness to indulgent meals, graduate seminars to sophisticated ultrasounds, Harper marries scientific details with intimate insights as she uncovers the fascinating strangeness of this remarkably familiar territory. Following Harper's first pregnancy from conception to her daughter's first word, *A Double Life* looks at how the biological facts of motherhood give rise to life-altering emotional and psychological changes. It shows us how motherhood transforms the female body, hijacks a woman's mind, and splits her life in two, creating an identity both brand new and as old as time. It charts the passage from individual to incubator, from pregnancy, labor, and nursing to language acquisition, from coupledness to the complex reality of family life. Harper's carefully researched story reminds us that motherhood's central joys are also its most essential transformations. A Kirkus Reviews Best Book of the Year (Nonfiction) A landmark biography that reveals the secret past of one of the most influential academics of the twentieth century. Over thirty years after his death in 1983, Paul de Man, a hugely charismatic intellectual who created with deconstruction an ideology so pervasive that it threatened to topple the very foundations of literature, remains a haunting and still largely unexamined figure. Deeply influential, de Man and his theory-driven philosophy were so dominant that his passing received front-page coverage, suggesting that a cult hero, if not intellectual rock star, had met an untimely end. Yet in 1988, de Man's reputation was ruined when it was discovered that he had written an anti-Semitic article and worked for a collaborating Belgium newspaper during World War II. Who was he, really, and who had he been? No one knew. Still in shock, few of his followers wanted to find out. Once an admirer, although never a theorist, the biographer Evelyn Barish began her own investigation. Relying on years of original archival work and interviews with over two hundred of de Man's circle of friends and family, most of them now dead, Barish vividly re-creates this collaborationist world of occupied Belgian and France. Born in 1919 to a rich but tragically unstable family, Paul de Man, a golden boy, was influenced by his uncle Henri de Man, a socialist turned Nazi collaborator who became the de facto Belgian prime minister. By the early 1940s, Paul, while seemingly only a reviewer for Nazi newspapers, was secretly rising in far

more important jobs in Belgium's and France's collaborationist regimes. Postwar, barred from the university, de Man created a publishing house, but stole all its assets; then, facing jail, he fled to New York, abandoning his family (his opportunistic, anti-Semitic writing seemed the least of his crimes). Arriving penniless, he quickly rose again, befriending an entire generation of American writers in New York, including Dwight Macdonald, Elizabeth Hardwick, and Mary McCarthy. Barish sketches de Man's renowned careers at Bard and Yale, as well as the circumstances surrounding his loving—but bigamous—second marriage to former Bard student Patricia Kelley, who created the tranquillity he so lacked. Juxtaposing this personal story to his meteoric rise through American academia, Barish traces the origins of the philosophical deconstructionism that he later created with Jacques Derrida, showing how de Man attracted followers with his attack on the hypocrisy of society that attempts to cover up the "essential alienation" of art from "the system." While focusing on the biographical facts, this commanding and psychologically probing biography reveals as much about human behavior and the cross-currents of twentieth-century intellectual thought as it does about the man who held an entire generation in his thrall. When eighteen-year-old Lexi of Morgantown, West Virginia, becomes the body double of a famous pop star, she discovers that the girl she is replacing is actually her half-sister, and that their father is a famous rock star. Wildly original novelist, essayist, and performance artist Jonathan Ames delivers his best collection yet—a hilarious, risqué, and loveable selection of articles, essays, and fiction, including several previously unpublished pieces. With an HBO pilot based on this collection's centerpiece ("Bored to Death"), his two hilarious novels, *The Extra Man* and *Wake Up, Sir!*, in development as films (with screenplays by Mr. Ames), a critically acclaimed graphic novel, *The Alcoholic, under his belt*, and an ongoing series of literary and not-so-literary stunts, Jonathan Ames has proven himself to be a writer of diverse and stunning talents. In *The Double Life Is Twice as Good*, fans will be treated to a deft and charming compilation of Ames's journalism, personal essays, and short fiction. Featuring illuminating profiles of Marilyn Manson and Lenny Kravitz, his adventures at a goth festival in the Midwest, a story written for *Esquire* on a napkin, as well as a comic strip collaboration with graphic artist Nick Bertozzi, Ames's unique style and personality-driven humor shines throughout this wickedly funny collection. Also included is the aforementioned short story, "Bored to Death," a Raymond Chandler-esque tale about a struggling writer-turned-detective who becomes quickly embroiled in the search for a missing college co-ed. Described by

The Portland Oregonian as “an edgier David Sedaris,” it’s no wonder that this comic mastermind’s already fervent and dedicated fanbase is continually growing. Looks at the life of a naturalist dedicated to studying and preserving the prairie chicken, from her childhood in a wealthy Boston family to her current expeditions Profiles the successful woman author who hid behind the male pen name of James Tiptree, Jr., to publish short works of science fiction in the 1970s, describing her work as an intelligence officer during World War II and her shocking suicide. If you loved Kate Moore’s *The Radium Girls* or Sonia Purnell’s *A Woman of No Importance*, you’ll be enthralled with this untold story of how Katharine Clark, a trailblazing journalist, exposed the truth about Communism to the world. Meticulously researched and written by Clark’s great-niece, Katharine Gregorio, *The Double Life of Katharine Clark* is historical narrative nonfiction at its finest. It is a fascinating Cold War adventure story about a remarkable woman who pioneered a career in a man’s profession, vividly illuminating a largely untold chapter of the twentieth century. In 1955, Katharine Clark became the first female American wire reporter behind the Iron Curtain, providing essential eyewitness reports of post-war Europe and the revolutions in Poland and Hungary to the American public. It was while on assignment in Belgrade, Yugoslavia that she befriended Milovan Djilas, a high-ranking Communist leader and intellectual, who became disillusioned with Communism and published a number of newspaper articles criticizing the practices of the regime. He was stripped of his duties and arrested before being released under the watchful eye of the Yugoslavian secret police. Clark risked her life to ensure Djilas’s articles made it to the West, and she was single-handedly responsible for smuggling his scathing anti-Communism manifesto, *The New Class*, out of Yugoslavia and into the hands of American publishers. *The New Class* would go on to sell three million copies worldwide, become a *New York Times* bestseller, translated into over 60 languages, and be used by the CIA in its covert book program. *The Double Life of Katharine Clark* shows how a strong-willed, fiercely independent woman with an ardent commitment to truth, justice, and freedom put her life on the line to share ideas with the world, ultimately reshaping both herself--and history--in the process. This National Book Award–winning author’s autobiographical novel is a “layered portrait of a family and the historical eras it lived through” (*The Boston Globe*). “Tuck is a genius.” —*Los Angeles Book Review* Her father is a German movie producer who lives in Italy. Her mother is a beautiful, artistically talented woman who resides in New York. As their child, Liliame’s life is divided between those two very different

worlds—worlds that inspire her to find herself in both the present and in her ancestors' pasts. A shy and observant only child with a vivid imagination, Liliame finds herself exploring her family's vibrant history—which includes such renowned and diverse figures as the philosopher Moses Mendelssohn and the tragic Mary Queen of Scots—and piecing together their vivid lives. And in doing so, what is revealed is an astonishing and riveting exploration of self, humanity, and family. Told with Lily Tuck's inimitable elegance and peppered with documents, photos, and a rich and varied array of characters, "this autobiographical novel creates a portrait of the writer as a young woman" (The New Yorker). Jean Fritz removes the romantic varnish from (the Pocahontas) legend and turns history into engrossing reality.--The New Yorker. Boston Globe/Horn Book Award; ALA Notable Children's Book. Zoe Flynn has a secret. She used to live in California, in a big old house -- the best house in the world really -- at 18 Hawk Road. It rambled and creaked and was full of good hiding places. She used to have a best friend named Kellen who lived right down the road, and a dog named Merlin who loved to play with her. But now she lives in a little town in Oregon, and everything has changed. Now, Zoe has to be careful. Careful that she doesn't tell anyone, not her friends or her teacher or especially that cop who's been watching her, that she doesn't live at 18 Hawk Road anymore. That now her family lives in an old green van that's cramped and dirty and doesn't even work all the time. Zoe's always hoping that someday she'll find her way back home.... Lyrically written by Janet Lee Carey, *The Double Life of Zoe Flynn* is a moving novel about hope, family, friendship, and the true definition of a home.
