Dangerous Highlander is the first novel of Dark Sword—a breathtaking historical and paranormal romance series from Donna Grant. The bold and passionate Lucan MacLeod—one of three brothers cursed by dark magic for eternity—is driven by desire for the one woman he dare not let himself possess... He is magnificently strong—and dangerously seductive. One of the fiercest of his clan, Lucan MacLeod is a legend among warriors, inspiring fear in man and woman alike. For three hundred years, he has locked himself away from the world, hiding the vengeful god imprisoned in his soul. But then, a young lass caught in a raging storm awakens his deepest impulses...and darkest desires. Cara doesn't believe the rumors about the MacLeod castle—until the majestic Highland warrior appears like a fiery vision in the storm, pulling her into his powerful arms, and into his world of magic and Druids. An epic war between good and evil is brewing. And Lucan must battle his all-consuming attraction for Cara—or surrender to the flames of a reckless, impossible love that threatens to destroy them both... The sound of a trumpet across a Japanese mountain valley leads a young man to befriend a mysterious stranger. During repeated visits to the cave where the stranger has set up home, the young man learns about his past - in the mines, villages and ports of the region. The stranger's hilarious, bawdy and touching narratives captivate the young man, but he begins to doubt their veracity. Finally, as the young man decides his own fate, the full truth about the stranger is revealed. 'Tales from a Mountain Cave' is a translation of Hisashi Inoue's highly popular 'Shinshaku Tono Monogatari' (新釈 十通 本物語), set in the Kamaishi area of Iwate Prefecture, Northeast Japan. Kamaishi was devastated by the tsunami of March 2011, and royalties on sales of this book will

be donated to post-tsunami community support projects. Bookworm Akira has read about the conniving ways of Yokai, but when he trips over one along a forest path, he decides to help the creature back to its murky water home. A challenge ensues involving Akira's beloved grandmother, a pizza-producing hamster, and a crunchy cucumber. Haunting illustrations of the Yokai accompany 17 original stories. Monsters, ghosts, fantastic beings, and supernatural phenomena of all sorts haunt the folklore and popular culture of Japan. Broadly labeled yokai, these creatures come in infinite shapes and sizes, from tengu mountain goblins and kappa water spirits to shape-shifting foxes and long-tongued ceiling-lickers. Currently popular in anime, manga, film, and computer games, many yokai originated in local legends, folktales, and regional ghost stories. Drawing on years of research in Japan, Michael Dylan Foster unpacks the history and cultural context of yokai, tracing their roots, interpreting their meanings, and introducing people who have hunted them through the ages. In this delightful and accessible narrative, readers will explore the roles played by these mysterious beings within Japanese culture and will also learn of their abundance and variety through detailed entries, some with original illustrations, on more than fifty individual creatures. The Book of Yokai provides a lively excursion into Japanese folklore and its ever-expanding influence on global popular culture. It also invites readers to examine how people create, transmit, and collect folklore, and how they make sense of the mysteries in the world around them. By exploring yokai as a concept, we can better understand broader processes of tradition, innovation, storytelling, and individual and communal creativity. É This book deepens our understanding of the dynamics between nature and culture in Japanese thought and feeling. The author provides a detailed study of Shiga Naoya's nature-inspired literature as an example of Japanese people's engagement with nature. This book explores how the tremendous earthquake on March 11, 2011 impacted literary authors in Japan and generated issues and perspectives previously unrecognized in Japanese literary and social culture. The disaster itself caused an earthquake, tsunami, and a nuclear accident, and provided the grounds for "post 3/11" literature in Japan. "State Department's desire to uphold the Atlantic Charter by rejecting territorial expansion; Amamian activists' assertive argument for reversion to Japanese rule; and the Japanese government's work to reach an agreement with the United States. Eldridge draws on original documents from the reversion movement, several volumes of memoirs and remembrances written by participants in the movement, and numerous declassified documents of the Japanese and U.S. governments. An eerie yet insightful exploration into the phenomenon of yurei, or Japanese ghosts, both past and present. Fantasy roman. This edited collection examines the effects of the Great War and the signing of the Treaty of Versailles in East Asia. Contributors to this

collection highlight how Japanese, Chinese, Korean, and Mongolian groups and individuals actively sought to envision a global order in which the center of gravity lay in the Western Pacific, not the Northern Atlantic. Examining contemporary Okinawan culture, politics, and historical memory, this book traces the dynamic reconstruction and reframing of Okinawan identity. The contributors explore the cultural and political expression that has flowered in the past decade with the vigorous growth of local museums and memorials and of the popularity of distinctive Okinawan music and literature, as well as of political movements targeting both U.S. military bases and Japanese national policy on ecological, developmental, and equity grounds. A key strategy has been the mobilization of historical memory, particularly recalling the violent subordination of Okinawan interests to those of the Japanese and American wartime and occupation governments. With its intertwining themes of memory, nationality, ethnicity, and cultural conflict in contemporary society, the book will be valuable reading for scholars and students across the social sciences and humanities. American Haiku, Eastern Philosophies, and Modernist Poetics traces the genesis and development of haiku in Japan as it transformed over the years and eventually made its way to the Western world. Yoshinobu Hakutani analyzes the prominent Eastern philosophies expressed through haiku, such as Confucianism and Zen, and the aesthetic principles of yugen, sabi, and wabi. Hakutani discusses several reinventions of haiku, from Matsuo Basho's transformation of the classic haiku, to Masaoka Shiki's modernist perspectives expressing subjective thoughts and feelings, and eventually to Yone Noguchi's introduction of haiku to the Western world through W. B. Yeats and Ezra Pound. Hakutani argues that the adoption and transformation of haiku is one of the most popular East-West artistic, cultural, and literary exchanges to have taken place in modern and postmodern times. Yukio Mishima's Spring Snow is the first novel in his masterful tetralogy, The Sea of Fertility. Here we meet Shigekuni Honda, who narrates this epic tale of what he believes are the successive reincarnations of his friend, Kiyooki Matsugae. It is 1912 in Tokyo, and the hermetic world of the ancient aristocracy is being breached for the first time by outsiders — rich provincial families unburdened by tradition, whose money and vitality make them formidable contenders for social and political power. Shigekuni Honda, an aspiring lawyer and his childhood friend, Kiyooki Matsugae, are the sons of two such families. As they come of age amidst the growing tensions between old and new, Kiyooki is plagued by his simultaneous love for and loathing of the spirited young woman Ayakura Satoko. But Kiyooki's true feelings only become apparent when her sudden engagement to a royal prince shows him the magnitude of his passion — and leads to a love affair both doomed and inevitable. Haruki Murakami and His Early Work first discusses

Murakami Haruki's real-life activities and interests, such as his self-identity as a Japanese novelist, his position in the Japanese literary canon, music, translation and running. In this context, three short stories as pivotal to his early writing career are examined, including "The Second Bakery Attack," "The Elephant Vanishes," and "TV People." Written in an easy style to read, and with the content full of references to select contemporary popular culture and consumer products, his fiction in general tends to invite criticism of irrelevance and frivolity. Against their nonsensical, even humorous appearance, however, the book's close analysis reveals his persistent concern with the plight of today's humanity in postindustrial reality. Through the bewildering stories, Murakami delivers a covert critique of aspects of the sociopolitical system, including unbridled consumerism, relentless pursuit of efficiency, and electronic media saturation, that brings people into total submission without their realization of the plight in which they are placed. In this respect, these short stories rival his acclaimed novels while showing his essential concerns and literary creativity more succinctly. "First published 2012 by order of the Tate Trustees by Tate Publishing, a division of Tate Enterprises Ltd, Millbank, London SW1P 4RG"--Title page verso. Go behind the scenes and relive 100 iconic moments from Star Wars(tm), episode I-VI Join Luke Skywalker as he battles with the dark side, watch as Anakin Skywalker becomes Darth Vader and fly through space with the Star Wars(tm)ships. Relive the most dramatic and iconic moments of the Star Wars(tm)movies in this exciting new book Star Wars(tm) in 100 Scenes. Taken from all six movies you'll explore 100 of the most famous and significant scenes plus behind-the-scenes facts from Star Wars(tm) episode I-VI. Takayuki Tatsumi is one of Japan's leading cultural critics, renowned for his work on American literature and culture. With his encyclopedic knowledge and fan's love of both Japanese and American art and literature, he is perhaps uniquely well situated to offer this study of the dynamic crosscurrents between the avant-gardes and pop cultures of Japan and the United States. In Full Metal Apache, Tatsumi looks at the work of artists from both sides of the Pacific: fiction writers and poets, folklorists and filmmakers, anime artists, playwrights, musicians, manga creators, and performance artists. Tatsumi shows how, over the past twenty years or so, writers and artists have openly and exuberantly appropriated materials drawn from East and West, from sources both high and low, challenging and unraveling the stereotypical images Japan and America have of one another. Full Metal Apache introduces English-language readers to a vast array of Japanese writers and performers and considers their work in relation to the output of William Gibson, Thomas Pynchon, H. G. Wells, Jack London, J. G. Ballard, and other Westerners. Tatsumi moves from the poetics of metafiction to the complex career of

Madame Butterfly stories and from the role of the Anglo-American Lafcadio Hearn in promoting Japanese folklore within Japan during the nineteenth century to the Japanese monster Godzilla as an embodiment of both Japanese and Western ideas about the Other. Along the way, Tatsumi develops original arguments about the self-fashioning of "Japanoids" in the globalist age, the philosophy of "creative masochism" inherent within postwar Japanese culture, and the psychology of "Mikadophilia" indispensable for the construction of a cyborg identity. Tatsumi's exploration of the interplay between Japanese and American cultural productions is as electric, ebullient, and provocative as the texts and performances he analyzes. Boldly illustrated and superbly translated, Folk Legends from Tono captures the spirit of Japanese peasant culture undergoing rapid transformation into the modern era. This is the first time these 299 tales have been published in English. Morse's insightful interpretation of the tales, his rich cultural annotations, and the evocative original illustrations make this book unforgettable. In 2008, a companion volume of 118 tales was published by Rowman & Littlefield as the The Legends of Tono. Taken together, these two books have the same content (417 tales) as the Japanese language book Tono monogatari. Reminiscent of Japanese woodblocks, the ink illustrations commissioned for the Folk Legends from Tono, mirror the imagery that Japanese villagers envisioned as they listened to a storyteller recite the tales. The stories capture the extraordinary experiences of real people in a singular folk community. The tales read like fiction but touch the core of human emotion and social psychology. Thus, the reader is taken on a magical tour through the psychic landscape of the Japanese "spirit world" that was a part of its oral folk tradition for hundreds of years. All of this is made possible by the translator's insightful interpretation of the tales, his sensitive cultural annotations, and the visual charm of the book's illustrations. The cast of characters is rich and varied, as we encounter yokai monsters, shape-shifting foxes, witches, grave robbers, ghosts, heavenly princesses, roaming priests, shamans, quasi-human mountain spirits, murderers, and much more. In this powerful and provocative book, Prasenjit Duara uses the case of Manchukuo, the Japanese puppet state in northeast China from 1932-1945, to explore how such antinomies as imperialism and nationalism, modernity and tradition, and governmentality and exploitation interacted in the post-World War I period. His study of Manchukuo, which had a population of 40 million and was three times the area of Japan, catalyzes a broader understanding of new global trends that characterized much of the twentieth century. Asking why Manchukuo so desperately sought to appear sovereign, Duara examines the cultural and political resources it mobilized to make claims of sovereignty. He argues that Manchukuo, as a transparently constructed 'nation-state,' offers a unique historical laboratory for examining the utilization and transformation of circulating global forces mediated by the 'East Asian modern.' Sovereignty and Authenticity not only shows how Manchukuo drew technologies of modern nationbuilding from China and Japan, but it provides a window into how some of these techniques and processes were obscured or naturalized in the more successful East Asian nation-

states. With its sweepingly original theoretical and comparative perspectives on nationalism and imperialism, this book will be essential reading for all those interested in contemporary history. I>The A to Z of Taiwan (Republic of China) offers insight into Taiwan's situation through a chronology, an introduction, appendixes, a map, a bibliography, and several hundred cross-referenced dictionary entries on important people, places, events, political parties, and institutions, as well as major political, economic, social, and cultural aspects of this island country. Whether or not Taiwan joins the People's Republic of China or gains its independence, Taiwan's outcome is of the utmost importance, and this reference provides the necessary information to understand its state of affairs. As the war between the Republic and the scattered remnants of the Empire continues, two children--the Jedi twins--will come into their powers in a universe on the brink of vast changes and challenges. In this time of turmoil and discovery, an extraordinary new Star Wars saga begins.... While Luke Skywalker takes the first step toward setting up an academy to train a new order of Jedi Knights, Han Solo and Chewbacca are taken prisoner on the planet Kessel and forced to work in the fathomless depths of a spice mine. But when Hans and Chewie break away, they flee desperately to a secret imperial research laboratory surrounded by a cluster of black holes--and go from one danger to a far greater one.... On Kessel, Luke picks up the trail of his two friends, only to come face to face with a weapon so awesome, it can wipe out an entire solar system. It is a death ship called the Sun Crusher, invented by a reclusive genius and piloted by none other than Han himself... Javanese Culture and the Meanings of Locality: Studies on the Arts, Urbanism, Polity, and Society is an examination of the social and cultural geography of Java. This book penetrates and surveys the Javanese world, and examines the traditions, customs, arts, urban habitation, polity, history, and belief systems of people who speak the Javanese language and live on Java Island in the Indonesian archipelago. A primary focus in these essays is to analyze the meanings of locality in the context of arts, architecture, polity, and society, with the hope of unveiling the potential of local culture in enriching and strengthening the diversity of the global world. A collection of Tolkien's unpublished manuscripts dealing with events from the Elder Days of Middle-earth to the end of the War of the Rings. A recognized master fantasist, Tanith Lee has won numerous awards for her craft, including the World Fantasy Award for Life Achievement and the Bram Stoker Award for Lifetime Achievement in Horror. Rediscover her classic, most popular fantasy series, Tales from the Flat Earth, where demons and gods grant wonders and wreak havoc. Visit the Upperearth, where dwell the gods; the Underearth, the realm of nightmarish demons; the Innerearth, domain of the dead; and the Flat Earth itself, the home of mortals. Supreme amongst them all is the demon god Azhrarn, Night's Master, whose deadly whims could change the lives of those in the Flat Earth. Azhrarn holds in his heart a mystery which could alter the very existence of the Flat Earth forever. Two hundred and twenty tales from medieval Japan--tales that welcome us into a fabulous faraway world populated by saints, scoundrels, ghosts, magical healers, and a

vast assortment of deities and demons. Stories of miracles, visions of hell, jokes, fables, and legends, these tales reflect the Japanese civilization. They ably balance the lyrical and the dramatic, the ribald and the profound, offering a window into a long-vanished culture. With black-and-white illustrations throughout Part of the Pantheon Fairy Tale and Folklore Library Woodblock prints, essays, and translations scratch to light the secret lives of Japan's mythological felines. In 1910, when Kunio Yanagita (1875-1962) wrote and published *The Legends of Tono in Japanese*, he had no idea that 100 years later, his book would become a Japanese literary and folklore classic. Yanagita is best remembered as the founder of Japanese folklore studies, and Ronald Morse transcends time to bring the reader a marvelous guide to Tono, Yanagita, and his enthralling tales. In this 100th Anniversary edition, Morse has completely revised his original translation, now out of print for over three decades. Retaining the original's great understanding of Japanese language, history, and lore, this new edition will make the classic collection available to new generations of readers. Boldly illustrated and superbly translated, *Folk Legends from Tono* captures the spirit of Japanese peasant culture undergoing rapid transformation into the modern era. This is the first time these 299 tales have been published in English. Morse's insightful interpretation of the tales, his rich cultural annotations, and the evocative original illustrations make this book unforgettable. An NYRB Classics Original First published in 1956, *Zama* is now universally recognized as one of the masterpieces of modern Argentine and Spanish-language literature. Written in a style that is both precise and sumptuous, weirdly archaic and powerfully novel, *Zama* takes place in the last decade of the eighteenth century and describes the solitary, suspended existence of Don Diego de Zama, a highly placed servant of the Spanish crown who has been posted to Asunción, the capital of remote Paraguay. There, eaten up by pride, lust, petty grudges, and paranoid fantasies, he does as little as he possibly can while plotting his eventual transfer to Buenos Aires, where everything about his hopeless existence will, he is confident, be miraculously transformed and made good. Don Diego's slow, nightmarish slide into the abyss is not just a tale of one man's perdition but an exploration of existential, and very American, loneliness. *Zama*, with its stark dreamlike prose and spare imagery, is at once dense and unforeseen, terse and fateful, marked throughout by a haunting movement between sentences, paragraphs, and sections, so that every word seems to emerge from an ocean of things left unsaid. The philosophical depths of this great book spring directly from its dazzling prose. This collection of nine short stories written by Inoue Hisashi (1934-2010) evokes the mysterious and uncanny tone of traditional folktales from rural Tohoku, Japan, while reflecting the playful approach of this major satirist of modern Japanese literature. Japan today is haunted by the ghosts its spectacular modernity has generated. Deep anxieties about the potential loss of national identity and continuity disturb many in Japan, despite widespread insistence that it has remained culturally intact. In this provocative conjoining of ethnography, history, and cultural criticism, Marilyn Ivy discloses these anxieties—and the attempts to

contain them—as she tracks what she calls the vanishing: marginalized events, sites, and cultural practices suspended at moments of impending disappearance. Ivy shows how a fascination with cultural margins accompanied the emergence of Japan as a modern nation-state. This fascination culminated in the early twentieth-century establishment of Japanese folklore studies and its attempts to record the spectral, sometimes violent, narratives of those margins. She then traces the obsession with the vanishing through a range of contemporary reconfigurations: efforts by remote communities to promote themselves as nostalgic sites of authenticity, storytelling practices as signs of premodern presence, mass travel campaigns, recallings of the dead by blind mediums, and itinerant, kabuki-inspired populist theater. Delightfully illustrated, this collection of Japanese myths and fairy tales presents readers with a rich folk tradition. *Folk Legends of Japan* contains over one hundred Japanese folk legends. These have been selected by a distinguished American folklorist, drawn from expert Japanese transcriptions of oral legends, and carefully translated in such a way as to bring out the charming, unadorned, and sometimes disarmingly frank folk quality of the originals. Each legend is carefully annotated for the student, scholar, and a full bibliography is provided. Fortunately, the scholarly attributes of the book are now allowed to intrude between the general reader and his enjoyment of the legends themselves. Anyone who loves a genuine old wives' tales, who savors firelit evenings of listening to the folk stories will find much pleasure in these Japanese stories. At the same time the folklorist will find a mine of information, and the Japanophile will discover the folk basis for many of the beliefs and customs that may have puzzled him in the past. The beloved mangaka adapts one of his country—and the world's—great works of supernatural literature Shigeru Mizuki—Japan's grand master of yokai comics—adapts one of the most important works of supernatural literature into comic book form. The cultural equivalent of Brothers Grimm's fairy tales, *Tono Monogatari* is a defining text of Japanese folklore and one of the country's most important works of literature. This graphic novel was created during the later stage of Mizuki's career, after he had retired from the daily grind of commercial comics to create personal, lasting works of art. Originally written in 1910 by folklorists and field researchers Kunio Yanagita and Kizen Sasaki, *Tono Monogatari* celebrates and archives legends from the Tono region. These stories were recorded as Japan's rapid modernization led to the disappearance of traditional culture. This adaptation mingles the original text with autobiography: Mizuki attempts to retrace Yanagita and Sasaki's path, but finds his old body is not quite up to the challenge of following in their footsteps. As Mizuki wanders through Tono he retells some of the most famous legends, manifesting a host of monsters, dragons, and foxes. In the finale, Mizuki meets Yanagita himself and the two sit down to discuss their works. Translated with additional essays by Mizuki scholar and English-language translator Zack Davisson, *Tono Monogatari* displays Mizuki at his finest, exploring the world he most cherished. *Tono Monogatari* was translated by Zack Davisson, an award-winning translator, writer, and

folklorist. He is the author of *Yurei: the Japanese Ghost*, *Yokai Stories*, *Narrow Road*, and *Kaibyō: The Supernatural Cats of Japan* and translator of Shigeru Mizuki's multiple Eisner Award-winning *Showa: a History of Japan* and famous folklore comic *Kitaro*. He also translated globally renowned entertainment properties such as *Go Nagai's Devilman* and *Cutie Honey*, *Leiji Matsumoto's Space Battleship Yamato* and *Captain Harlock*, and *Satoshi Kon's Opus*. In addition, he lectured on manga, folklore, and translation at colleges such as *Duke University*, *UCLA*, and the *University of Washington* and contributed to exhibitions at the *Henry Art Gallery*, *The Museum of International Folkart*, *Wereldmuseum Rotterdam*, and the *Art Gallery of New South Wales*. *Haiku Poetics in Twentieth Century Avant-Garde Poetry* is a multicultural, multilingual investigation into the most recognizable, and probably the single most broadly practiced, poetic form in the world today. This argument moves from theorizing the Buddhist poetics of a global haiku, to close critical readings of poems that examine allusions, themes, and images often taken from traditional Japanese predecessors or engaging other works of a shared haiku lineage. "'Silent Histories' was originally published in 2014 in a limited edition of 45 handmade copies, Tokyo / 2014"--Colophon. This work chronicles the writings of Hino Ashihei, who rose to celebrity status during the Pacific War for his accounts of campaigns in China and Southeast Asia. The study shows how writing about the war was read during and after the conflict. *Kwaidan: Stories and Studies of Strange Things* features several Japanese ghost stories and a brief non-fiction study on insects. Most of these stories were translated from old Japanese texts. The author also states that one of the stories - *Yuki-onna* - was told to him by a farmer in Musashi Province, and his was apparently the first record of it. *Riki-Baka* is based on a personal experience of the author. *Table of Contents: The Story of Mimi-nashi Hōichi Oshidori The Story of O-Tei Ubazakura Diplomacy Of a Mirror and a Bell Jikininki Mujina Rokurokubi A Dead Secret Yuki-Onna The Story of Aoyagi Jiu-Roku-Zakura The Dream of Akinosuke Riki-Baka Hi-Mawari Hōrai* In the last half of the book, Hearn lists collected Chinese/Japanese superstitions and his own personal thoughts on various members of the insect world. *Butterflies: Personification of the human soul. Mosquitoes: Karmic reincarnation of jealous or greedy people in the form of Jiki-ketsu-gaki or "blood-drinking pretas". Ants: Mankind's superior in terms of chastity, ethics, social structure, longevity and evolution.*

When people should go to the book stores, search establishment by shop, shelf by shelf, it is in point of fact problematic. This is why we present the books compilations in this website. It will agreed ease you to look guide **The Legends Of Tono By Kunio Yanagita** as you such as.

By searching the title, publisher, or authors of guide you truly want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best area within net connections. If you intend

to download and install the The Legends Of Tono By Kunio Yanagita, it is no question simple then, in the past currently we extend the link to purchase and make bargains to download and install The Legends Of Tono By Kunio Yanagita in view of that simple!

Getting the books **The Legends Of Tono By Kunio Yanagita** now is not type of challenging means. You could not deserted going taking into consideration books addition or library or borrowing from your associates to right of entry them. This is an enormously easy means to specifically acquire lead by on-line. This online statement The Legends Of Tono By Kunio Yanagita can be one of the options to accompany you behind having other time.

It will not waste your time. acknowledge me, the e-book will definitely ventilate you further situation to read. Just invest tiny grow old to read this on-line proclamation **The Legends Of Tono By Kunio Yanagita** as skillfully as review them wherever you are now.

Recognizing the exaggeration ways to acquire this book **The Legends Of Tono By Kunio Yanagita** is additionally useful. You have remained in right site to start getting this info. get the The Legends Of Tono By Kunio Yanagita member that we meet the expense of here and check out the link.

You could buy guide The Legends Of Tono By Kunio Yanagita or acquire it as soon as feasible. You could speedily download this The Legends Of Tono By Kunio Yanagita after getting deal. So, past you require the books swiftly, you can straight acquire it. Its appropriately

very easy and as a result fats, isnt it? You have to favor to in this way of being

Eventually, you will unconditionally discover a other experience and realization by spending more cash. still when? realize you take that you require to get those every needs taking into account having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to comprehend even more something like the globe, experience, some places, subsequently history, amusement, and a lot more?

It is your definitely own period to fake reviewing habit. in the middle of guides you could enjoy now is **The Legends Of Tono By Kunio Yanagita** below.
