**HBR Guide to Buying a Small Business** Sep 22 2020 Are you looking for an alternative to a career path at a big firm? Does founding your own start-up seem too risky? There is a radical third path open to you: You can buy a small business and run it as CEO. Purchasing a small company offers significant financial rewards—as well as personal and professional fulfillment. Leading a firm means you can be your own boss, put your executive skills to work, fashion a company environment that meets your own needs, and profit directly from your success. But finding the right business to buy and closing the deal isn't always easy. In the HBR Guide to Buying a Small Business, Harvard Business School professors Richard Ruback and Royce Yudkoff help you: Determine if this path is right for you Raise capital for your acquisition Find and evaluate the right prospects Avoid the pitfalls that could derail your search Understand why a "dull" business might be the best investment Negotiate a potential deal with the seller Avoid deals that fall through at the last minute

**The Payroll Book** Apr 17 2020 The Payroll Book is the only book that demystifies payroll with clear, concise, and real-world examples on how to tackle the process. "The Payroll Book will be a valuable resource for the small business owner as well as for the entrepreneur planning a new venture. Thorough, well-organized, and thoughtfully written, this practical guide is an essential tool for managing the payroll process." —Marilyn K. Wiley, Dean, College of Business, University of North Texas "Failing to comply with the withholding, tax remittance, and report filing requirements in handling business payroll carries a high cost. Charles' book will guide entrepreneurs through the minefields of payroll processing and reporting in language that business owners can understand. Whether you already own or are planning to start your own business, The Payroll Book is an essential tool." —James A. Smith, Past President and Chairman, Texas Society of CPAs "If accounting is something you have not paid keen attention to in your startup, then this book can demystify the whole thing for you and then some! Logically set-up and highly practical in its approach! I highly recommend this book for any startup, entrepreneur, and, frankly, anyone thinking about starting a business. That said, if you already started a

business it's just as important—this is a must-read!" —Hubert Zajicek, CEO, Co-founder and Partner, Health Wildcatters "Wow! This is the most comprehensive book of its kind. I have worked in payroll for over 25 years, and I would recommend this book as a reference to anyone who has a hand in payroll. From the novice just entering the field to the seasoned veteran, there is something in this book for everyone." —Romeo Chicco, President, PayMaster

Starting a Small Business Sep 15 2022 Bonus Book: Beginners Online Business Handbook Want to learn exactly how to get started with a small business and learn what the pros do? Discover The Secrets For Successful Small Business Ownership That Teach You How to Run Your Own Business Properly...Even As A Beginner! Just Follow The Instructions And You'll Be A Successful Businessperson In No Time! Are you ready to get started on your journey to becoming a skilled businessperson? Yes? Then let's get started! All too often a budding entrepreneur will rush right out, buy the first business they see in the realtor's window, grab some information about it and think that this is enough to make them successful. Sadly, the experience is usually less than positive and they end up with nothing but vanished dreams to show for their effort. The business ends up being shut down or resold and the dream of an enjoyable lifestyle running their own business disappears. Another scenario that occurs frequently is taking advice from a buddy or acquaintance presenting himself as a self-proclaimed "expert." You know the type. He knows it all and proceeds to let you know everything you are doing "wrong." Before you know it you have connected the experience with the jerk and you let the whole experience fade into oblivion never willing to try it again. It doesn't have to be like that. You can learn the basics of starting your own business and take it to whatever destination you desire. You can do it with your own copy of "Starting a Small Business." The Best Part Is You can do it without buying the wrong equipment. You can do it without the help of a "know it all." You can do it without wasting a lot of time. You can do it without spending a fortune. You Can Get Started Right Away "Starting a Small Business" gives you everything you need to get started. Not only will you learn how to select the right type of business for your needs, you will learn also learn how to legally structure it for the best results tax wise and for the protection of your personal assets. Here's more: Are You Physically Prepared to Run Your Own Business? Although it is a very fulfilling activity, you have to stay physically fit and mentally alert for the challenges at hand. Licensing Laws. Setting up a business is regulated for the safety and interest of the public. All businesses are subject to municipal, federal and state business regulations. Learn more inside. Deciding where to Set Up Your Business. There is a great deal to setting up a business from scratch and one of the most important aspects is the location. You may be able to set up in part of your house, but again, you may need to be in a more central location to attract consumers. It all depends on the kind of business you have. All about Your Great Business Idea. There are many different kinds of businesses, each with their unique strengths and characteristics. Some kinds of businesses suit people better than others, depending on what you are trying to achieve. But if you have a great idea for a business you need to keep it to yourself. Find out why. We want "Starting a Small Business" to be an absolute 100% no-brainer for you. That's why you can order your copy with complete peace of mind. Project Management for Small Business Mar 17 2020 Project management can help companies become more efficient and profitable. But classic project management models often prove too cumbersome for smaller businesses with limited staff resources, tight budgets, and next to no time to devote to learning complex methodologies. These smaller enterprises need the core principles and techniques of project management in a streamlined package. Project Management for Small Business offers simple, repeatable practices for planning, executing, and controlling projects in smaller environments in which one team member may wear multiple hats. Readers will learn how to: ò Define project requirements and scope ò Create a project schedule based on resource availability ò Estimate, budget, and control project costs ò Identify and minimize project risks ò Manage workflow ò Communicate effectively ò Control project change ò And more. Grounded in real-world experience, this practical guide skips the complicated theory and goes straight to the heart of what it really takes to make a project a success.
